

CHURCH ARCHIVES

MS 1352

Woodruff, Wilford, 1807-1898

Journals and papers, 1828-1898

Collection contains journals, correspondence, and other papers. Includes information about Joseph Smith; development of the Church in Kirtland, Ohio; Missouri; and Nauvoo, Illinois; temple work; Kirtland, Nauvoo, Salt Lake, St. George, Logan, and Manti Temples; missionary work; Zion's Camp; the Mormon Battalion and Mormon involvement in California; overland travel and English

immigration; interactions with Indians; colonization of Utah and surrounding states; Utah and national politics; Utah statehood attempts; the Reformation; Utah War; Mountain Meadows Massacre; social, agricultural, and civic matters in Utah; Mormon historiography; plural marriage and the Underground; and Woodruff's personal financial and family affairs.

Early journals focus on Woodruff's missionary travels in Missouri, Arkansas, Tennessee, Kentucky (with Warren Parrish and David W. Patten), New York, Connecticut, Massachusetts, Maine, and England; events in Kirtland, Nauvoo, and Winter Quarters; and westward movement. Subsequent journals focus on events in Utah, and Woodruff's activities in the Council of the Twelve and as Church president; and include information about cooperative movements, united orders, the School of the Prophets, Church businesses, and Church colonies in Canada and Mexico. Of note are Woodruff's journal accounts of sermons given by Joseph Smith, Brigham Young, and other Church leaders. Woodruff's death and funeral services were recorded by his secretary, L. John Nuttall.

Correspondence includes letters received during Woodruff's presidencies of the British Mission (1845-1847) and the

Eastern States Mission (1848-1850), and as assistant Church historian beginning in 1856. Among those with whom Woodruff corresponded were Brigham Young, John Taylor, George A. Smith, Parley P. Pratt, Orson Pratt, Orson Hyde, Erastus Snow, Amasa M. Lyman, Franklin D. Richards, Ezra T. Benson, George Q. Cannon, Jedediah M. Grant, Thomas L. Kane, John M. Bernhisel, Almon W. Babbitt, W. W. Phelps, Hiram Kimball, Samuel Brannan, Alexander Badlam, Orson Spencer, Dan Jones, Reuben Hedlock, Elisha H. Davis, J. W. Cummings, Eli B. Kelsey, Willard Snow, William I. Appleby, James A. Stratton, Nathaniel H. Felt, Elijah Fordham, Milo Andrus, Horace S. Eldredge, Leonard W. Hardy, Abraham O. Smoot, Philo Dibble, William Clayton, David Candland, James Ferguson, Hiram B. Clawson, Joseph Russell, John Benbow, James M. Monroe, George P. Dykes, Edward Partridge Jr., Lucius N. Scovil, Phillip M. Westwood, Chandler Holbrook, and Alden M. Jackson.

Letters of note are from John Whitmer in Kirtland, Ohio; two letters from Thomas B. Marsh in Far West, Missouri, one of which is notice of Woodruff's call as an apostle; and letter from Orson Hyde in Kanesville, Iowa, about Oliver Cowdery.

Wilford Woodruff was born 1 March 1807 in Farmington, Connecticut, to Aphek and Beulah Thompson Woodruff. He was baptized on 31 December 1833, married Phebe (Phoebe) W. Carter in 1837, and became a member of the Quorum of the Twelve Apostles in 1839. He traveled widely in America and Great Britain as a missionary; served in political, civic and business positions in Utah; and was intimately involved in historical endeavors, serving as both assistant Church historian and Church historian. He succeeded John Taylor as Church president in 1887. Woodruff died in San Francisco, California, 2 September 1898.

JAN 1st 1840

I find myself in company with Elders John Taylor & Theodore Tully on board of the packet ship Export of the Black Ball line on our way from New York to Liverpool to fulfill a commandment of ^{the} 9th in preaching the gospel of Jesus Christ to the Nations of Europe. We are in Long 42 40 We have a very rough sea, High winds blustering & cloudy. I am about 1,900 miles from both Liverpool & New York being in the centre of the Atlantic as it is called 3,800 miles from New York to Liverpool. We left New York dock on the 19th day of Dec 1839 & sailed on the 20th So time rolls along & waiteth for no man

2nd The sun rose clear it was the first time we had seen the sun for 5 days. We have a calm this morning. There is a vessel in sight of us the first one we have seen since we left N.Y. it was a stern of us. Elders Taylor, Tully, & myself set down upon the anchor & had a crack of Butternuts

Jan. 3^d 1840
Jan^{ry} 3^d A good day fair sailing & good breeze
We were in full view of two sail one fore & the
other aft of us We soon overtook the one before us
& spoke to her & found her to be a British Brig
sailed from Halifax & bound for Liverpool &
20 days at sea her Log was 3330 she raised British
colors the Oxford raised American colors & her
Log was 3440.

4th Fair weather, wind right aft, & a stiff breeze
& sail fast. They had a time of butchering hogs &
sheep on board

5th Sunday rough sea, high winds, & rain in
the morning sea & wind more calm
at noon We saw a large school of
porpoises We have a calm & pleasant evening
which we spent in deck viewing the stars & ocean

6th A pleasant morning & a calm but having
12 sails spread we made about 3 miles an hour

7th We have a dead calm to day in the Log 1740
We spoke a Scottish Bark named Georgeanna
from Leith Scotland bound for Granada a west India
friend this her 17th day at sea her Log 1740
A number of Birds such as Sea Gulls were

Jan. 8th 1840
flying around the ship & the passengers shot several
out of them & they fell dead into the water
We saw a large school of porpoises & black
fish some of the Blackfish were supposed to
be as much as 20 feet in length they
would roll on top of the water all around the
ship

4th A good stiff breeze arose about 1 o'clock
P.M. & we sailed well through the day. A light
tar Barrel was set afloat from the ship
in the evening which looks splendid at sea
9th Cloudy & lots smooth sea & fair breeze
it grows colder as we draw nearer to land
We are about entering the St George's Channel
or the mouth of it & Ho, Ho, the cry of land is
heard from most of the crew we went on to the
fore castle & after straining our eyes a few
moments we got sight of it, it was the first
sight lying 3 points to our lee bore this
is the first land we have seen for 20 days
At 4 o'clock in the evening the anchoring lamp
at the light house at Cape Clear came
in full view & 39, 1 2 2 2 on 49 2 1 9 1 1 2
on 2 1

110th The mountains of the Irish Coast are in full view & also 6 or 7 sail. The weather is cloudy & rather cool we have a good wind & sail fast we have a pleasant evening & weather. The decks with yeeloh & view the light houses &c.

114th We have a heavy gale commencing about 1 o'clock in the morning & we were in some danger during the weather least on one side of the Irish or the other, there was a great bustle & noise on board arising from the command of the Captain & mates & the singing of the sailors & the whistling of the winds & the roaring of the waters while at the same time the ship was pitching & rocking to & fro. We heard the pilot boat at day light & raised colours for a pilot to come on board. A pilot boat soon appeared & ~~board~~ came along side & gave us a pilot. & he informed us that the Liverpool had not yet arrived she was a Steer Ship & started 5 days before us & the Grampian one had not yet in & she started 10 days before us. The pilot had no sooner came on board before

the Steamer Ship *Liverpool* here in sight over
our stern, the pilot orders the sail to be
spread notwithstanding it was blowing a gale
we then quit fast of the Liverpool, & there
was many sail floating upon our right &
left hand. There was much bustle among
the passengers in stowing, washing & preparing
themselves to go on shore. The city of Liverpool
soon was in sight & an English Steamer Boat
soon came along side & towed us into port
on the dock in Liverpool we got along side of the
Key a few minutes before the Liverpool or
Independence the Oxford Liverpool & Grub
and we all reached the deck within 30 minutes
of each other. There was 109 souls of us all
who reached the shore in good health & spirits
our company was composed of Americans
English, Scotch, Irish, Welsh, & British
We went into Liverpool & visited several
notable places the New Market, Coster Lane,
Lord Nelsons monument which is much
noted in England &c all of which were quite
splendid. We took supper in while day

Jan 12th 1840
to lodgings in Church Street at the Bir-
mingham arms co. to 215 No. 10
, 9th. Distance from the middle of the Atlan-
tic Ocean to Liverpool England 1750 mi
12th I wrote three letters during the
evening one to Elder P. P. Pratt one to
Mrs Carter, & one to Phoebe

12 Sunday I arose in the morning & took
(Breakfast shall I say) I eat it is true, & use
a piece of bread for a plate & my fingers
for a knife & fork & was surpris'd high for
it at that. I hear some of the passengers boast
of the superior accommodations in England to
those of America I confess I could not
eat without smiling thinking if this is the
superior English accommodations I do not
know what those of the next Nation will
be. I would not wish to reason to unduly
state this to be a proper sample of English
customs. but among as we were strangers
we had the misfortune to be directed to
a place of the above description. We paid
our Bill & retired. We walked to the shipping &

Jan. 1840

through a number of the streets & came at
M. Seymour Rotunda Place No. 1 Waterloo road
to spend the day & night. After dining & attend-
ing meeting at St Pauls Church & also
St Thomas's Church both of the Church
of England. It was singular to hear these
Rectors & Curates preach against the fan-
dulum without the power of it, while
at the same time is no people perhaps
more formal than themselves. I also
attended meeting at Pitt Street Methodist Chapel
the speaker appeared quite easy & simple
in his manner all of the above named churches
were quite splended with the stars near
the Centre of the house which is the English
Custom. They bury their dead in the year
all around their Church & lay the grave
stones flat upon the ground & it forms
a pavement to walk upon. I find the people
both rich & poor, male & female to be m-
uch more plain in their dress than those
of America. I returned to M. Seymour
& spent the night.

Jan 13th

Jan. 13th 1840

I took Breakfast & went on board of the Oxford
& found the passengers taking their trunks & goods
on shore to go to the custom house to be ex-
amined & I found it to be a scene of the
greatest confusion I ever just thought
but after much jarring & crying
& moving about we were permitted
to depart with our things after paying
1/6 pence per lbs for all the books we had
as duty upon them. The truckmen then
took our trunks & boxes to Mr
George Cannon Norfolk street No 43
he was a brother in law of Elder Taylors
we deposited our provision chest & a
box containing our bed & bedding with
him. We took our trunks
& went to the rail road depo & then
took a car for Preston Lancashire
England & for the first mile the cars run
under ground on a track that was cut
out of a solid rock while there was building
& inhabitants over our heads 
We started from Liverpool about 6 o'clock &

Jan. 1840

arrived in Preston about 4 o'clock & called at
Brother Greenhead's they immediately sent
for Elder Richards & in a few moments
I had Elder William Richards by the hand &
I truly rejoiced to once more behold
his face. We immediately went to
his house & after spending most of the
night in conversation we retired to
rest Distance of the day 35 miles

12th I spent the day in Preston writing
& visiting the Saints. I dined at Brother
John Parkinson's & Elder Francis Wood. I
took supper with Brother Robert Smith
& spent the night with Elder Richards
in Meadow Street newhouse opposite No. 3.
I found the Saints in Preston poor but
having warm hearts. Preston has a
population of about 60,000 the streets
were cranked with the poor both men
& female going to & from the fac-
tories with their waddles on sluggy shoes
on which makes a great rattling over
the pavement. The poor are in as great

Jan. 15th 1840

Boyotage as the Children of Israel in Egypt
I find that Elder Richards has had a hard
school to pass through since he has been in
England. I see that we have a great work
to perform & we have need of much faith
& humility before God

15th I dined at Brother Worsley's & supped at
Sister Dawson's & spent the night at Elder
Richards. We spent a pleasant evening
together at Sister Dawson's there were 6
Elders of us together viz. Richards, Taylor,
Woodruff, Farley, Clark & David Wilding
& a number of women & Sisters.

As Elder Samuel James wished me to write to him &
Direct to Allen Town, Monmouth County New Jersey

16th I dined at Sister Green's & had
dinner at Sister Nightengales. I
had an interview with Elder John Moon
& priest Hugh Moon they belong to
the family that Elder Trimble baptiz-
ed some of the members of it I spent a
pleasant evening at Elder Richards
in company with Elders Taylor,

Jan 17th 1840

Richards, Fielding, Turley, Clark, &
myself. We truly rejoiced to have an
interview with President Fielding
17th COUNCIL Jan 17th 1840

At a meeting of Council held at
Elder Richards house in Preston
Lancashire, England

Elder Joseph Fielding being called

the present business he considered ~~was~~

the traveling Council fully came into
this land.

Moved & seconded that Elders John

manifest throughout England & beginning in all

are standing in every corner of the streets in
groups counselling what to do, & there are at
the present time (I have been informed) thousands of
souls are almost in a state of utter starvation.

Feb 14th We left Stone & walked to Stoke
but on the road we spent several hours in
visiting the State Park of  George Granville
the present  of Southerland Trenton

Staffordshire. This park is about 5 miles in length &
5 in breadth, the first thing of note that strikes the atten-
tion while coming on the road from Stone to Stoke is
several hundred acres of ground planted over with
young sprouts in order to make timber, which ground is
hilly. next appears Spring Vale, the lower fountain is a
forced vein which spirts or throws a stream of water about
12 feet above the surface of the water, there is a fish pond
above the first fountain, but rather small, there is a
splendid stone house, on the hill above for the purpose of
keeping persons that are insane. there are a number
of small monuments around this vale, The next is the
manner house built of stone but mostly in ruins, it is
more than five hundred years old, & one family have
lived in it more than 200 years descending from father

Feb. 1840

To Son, We next visited the splendid Monument erected in memory of George Granville the late Duke father of the present Duke of Southernland. It stands erect upon a hill built of hewn stone, the foundation is square 160 round it, each laying of stone is drawn into a narrow compass above 8 feet each laying untill above 12 feet high then the monument is round for about 60 feet, then the Image of the Duke stands on the top being about 10 feet in height with a roll of paper in his left hand (he was a member of parliament) facing his splendid mansion house in the vale north of the monument. the whole monument about 40 feet in height

A person at this monument has a fine view of the mansion house which is an expensive & splendid building it covers about 4 acres. built of hewn stone, having much carved work of Lions & other Images, there were 365 windows in it before the repairs or additions which the present Duke is making which it is supposed will take 7 years to accomplish. There are some hundreds of acres of woodland & firm patches all of which are enclosed with a fence of 4 & 5 feet high the whole of the fence composed of solid Iron there are miles of Iron railing in this park The Duke has vast quantities of game, fish & fowl in his Park, such as Deer, Hares Rabbits, Pheasants, Ducks Geese & Swan. Trout & many other kinds of fish. The Deer are as tame as sheep we saw about 300. in one drove. there are game keepers to see that no person trespasses upon the park, the river Trent runs through the park the Duke has converted the whole of it for a distance into a fish pool. I visited the burying ground which was covered with many kinds of evergreen, the publick road running through the park is between two stone walls about 10 feet thick 4 to 6 high covered with turf & green grass This DUKE of Southernland has two other Parks of as much value as the one above named, as to his wealth he nor no man knoweth. But as JESUS said concerning the Stones of the Temple, it will in like manner be with the monuments & pride of this generation, they will speedily be laid low in the dust together.

me of his baptizing 17 persons in Liverpool. Elder
Richards wished me to enquire of the Lord his

will concerning Brother & sister Richards for they were
March 24th 1840
in deep affliction. Elder Gordon informed me that
Elder Theodore Turley was taken with a warrent & cast
into goal by the instrumentality of John Stokes. A man
took him from Birmingham because of a certain debt which
was contracted 15 years ago before he left England which
he supposed was wholly settled but it is the work of the
devil to put him in prison to stop his preaching, but
God will yet turn this work for good & if it is stopped
in one place it will burst out in another place
may God open the prison door & soon let Elder
Turley free.

or charriot to see me. The farm had gone out into
all the country of the speedy work that God was
performing they had not sent me preach or any
Letter by Saint but had come more than.

20 miles to see me. They came ^{March 25th 1840} out of
the gig & went to where I was, notwithstanding
they were Ministers yet I stood up & boldly declared
unto them Jesus & testified unto them of the
great work of God in these last days & the power
of God rested upon us, & they bowed down &
prayed & gave glory to God, & we all rose up
& the gig stood still & we all went down
into the water at the same hour & I
Baptized them & laid my hands upon them

I received a letter from Elder Elyton

26thMarch 26th 1846

I walked to Stokes Lane & made at the House of Joseph Ervins & spent the night of Mr William Davis. & then the following Dream. I saw by night a river in which we may fish. I cast an hook & caught some of them. & while fishing I saw some large ones near shore I put the hook to their mouth they bit it & I caught them. & one very notable one exceeding all other fish that I had caught & as I was taking care of them. I saw a still larger river. It appeared like Farmington River in the U.S.A. at the Mill which my father is tending. & on the other side of the river was a Boat to which was tied many fish this on one hook was a fish so large that the captain of the Boat Israel Dormon by name could not bring him into the Boat. & he said the Boat across the River where I was. & the fish was taken out & a Bellman was called for to divide the fish. & after the Bell was rung each man took a part. & while dividing the fish, one man said to another man I saw Baptizing last night was not you Baptized. I also saw a trout representing to have

Elder Surley's trust. *March 27th 1840* & it ought to be taken
care of for he is cast into prison. What
this dream means time will soon determine.
There is to be much Baptizing done soon
somewhere. Some of our Brethren will soon
come from the U. S. A. & be divided among the
people. & I shall soon baptize many & some
noted persons. Distance of the Day 5 miles

27th I went to the House of Mark Davis
& Baptized two persons one a preacher. I then
went to Sherknell Hill a very noted & sightly
place the plains look beautiful in the valleys
around it. & notwithstanding it is a country
place yet I could count 21 churches from
the top of the Hill. I preached in the evening
to a large congregation. & although it
was the first time that they had heard the
fulness of the gospel, yet if there had been
water convenient there would have been
20 Baptized. but as it was a great distance
to the water most concluded to omit it
untill another day. some however would
not take no for an answer. & they followed
me untill 2 o'clock at night in search of

water & we finally ~~March 28th~~ ^{March 28th 1840} & Baptized

I spent the night at the Hill farm. & Dreamed
of being with several others in a small Boat in
a storm on the river we had to paddle up shore with
our hands having no paddles. There was a
serpent crawled into the Boat & I flung him
out with my hands & reached the shore in
safety. 8 miles

29th Sunday I had much to do to day. I
preached at Groomes Hill, at 4-10 o'clock at
the Hill farm 2- o'clock & Baptized 13 persons
2. of which were Preachers I met with the

March 30th 1840

Saints in the evening at 6 o'clock at the Hill farm & Confirmed 35 persons & broke bread unto about 80 Saints which closed the business of the day. O how much strength & wisdom I need in the midst of so much labour, but surely the Lord does give me grace according to my Day for which I feel very thankful. I am informed this day that the Ministers of the Church of England are holding meeting & councils to petition Parliament to stop my preaching & to cause our religion to cease out of the land, but may the Lord order all things aright I pray.

John Taylor Clerk

I Willford Woodruff being led by the spirit visit-
ed
Froons Hill in Herefordshire ^{England} 5 miles North of Ledbury
on the 5th day of March 1840 & commenced preaching
the word of God unto the people & many received my
testimony & I commenced Baptizing such as should
be saved & in one month & 5 days I Baptized Mr
Thomas Kingston the superintendant of the Church of
the United Brethren which came out of the Methodist
Connexion & I also Baptized forty ~~Eight~~ Preachers of
the United Brethren & 112 of the members, making
154 souls in all. This scenery falling into my hands or
under my superintendancy & care 42 established
places of preaching which were licensed according to
law including one Chapel, this has opened the largest
field for labour & increase of numbers of any door
that has been opened in the same length of time since
the Church of Jesus Christ of Latter Day Saints has
been established. There was among this number
Baptized some of most all classes & churches, 46
preachers one Clark of the Church of England, one
Constable & a number of wealthy farmers, & when
I left this vast field of labour to go to Preston
to attend the Conference there was nearly 200
souls ready to be baptized as soon as an opportunity
offers. But I have attended the Conference &

have again returned into this part of the vine-
yard. & Elder B. Young is with me & I expect
Elder Richards soon to assist in preaching this part
of the vineyard. this field that is now open is
about 40 miles from Bristol 40 from Birmingham
& 120 from London. I expect the church will
number several hundred in this region soon. I found
on my return that Elder Hingston had baptized
10, & Priest John Cheese 20 making the whole 30
144 souls. mobs have arisen against me in some
instances, on one occasion they stoned me while
baptizing. see April 9th. I had vast congrega-
tions attended my meetings & the country was
all stirred up, & many priests & people came out
to hear of what I had to say & many received
my testimony. I feel thankful to God for all his
mercy & kindness unto me & all the saints in
opening so many doors that the kingdom of God may
roll forth that there may be a people prepared for
the coming of Jesus Christ

Compare March 26th with April 14th

Thus I spent the 14, 15, 16 of ^{April 17th 18th 40} sitting in Council with my Brother the Scribe & the Saints. I preached in the evening of the 15th in the Temperance Hall to a crowded congregation. I felt happy to have the privilege of sitting in Council with my Brother the Scribe in a foreign Nation to do the work of the Lord. After our Council closed on the 16th I went with Elder Richards to Penwortham & spent the night. 2 miles

We rode to Worcester & spent several hours

in this City. We visited the Ancient, noted, splendid
Worcester Cathedral which surpasses any thing for spot
splendor + architecture mine eyes ever beheld
it was about 400 feet in length 500 or 600
years of age it contained many Monuments or
portraits of persons which were graven out of marble
+ laid over the tombs or vaults of Ancient Bishops,
Lords, + Princes, some of which had lain there for
17 or 400 years. It is said that some of these mon-
uments with their winding sheets which are carved
out of fine marble is as neatly executed as
any thing found in Europe. Almost every thing about
this Cathedral from top to bottom is carved out of
solid marble the whole pulpit is carved out of
one solid stone. There was a large Organ
in the building The Church of England still
worship in this building. They told a time of
worship twice each day in a year. we stayed there
one service. The whole concern is superior
to the architecture of the present generation.
from Worcester we rode to Ledbury + on the
ride we passed through the Town of Malvern
Malvern Hill the most noted Hills in England in
consequence of this being the highest + the

11th A visit on the Herefordshire Beacon
which is the South part of Malvern Hill

After having my mind prepared for a lonely walk & medi-
tation by reading P. R. Pratt's remarks upon the "eternal duration
of matter", I commenced ascending this noted hill upon the
South side of it & after arising several hundred feet I came
to the top of an old ancient intrenchment about one mile
in length reaching round all of this part of the hill & meeting

together, then after rising another hundred feet I entered
another Intrenchment like the one below + after this
another + thus Intrenchment lay above Intrenchment
untill we reached the top of the hill which was nearly flat
or level + lay in a circle or round, + not being more
than one or two acres on the top + thus I stood upon the
top of this Bacon or hill from 10 to 1500 feet in height
+ while surveying the surrounding Country I could also
behold the deep Intrenchments below me which it is
supposed were long up nearly a thousand years since +
was capable of holding hundreds of thousands of persons
which was the resort of the romans in the times of their
wars, these hills are altogether bare without timber but
covered with grass which is grazed by sheep + asses; several
acres on the S.W. side is covered with rabbit burrows which
scores of rabbits are running about upon the ground. But I
soon drew my thoughts from the busy rabbit, sheep + asses
to the solemn reflections which the ravages of time present
ed before me. O! Malvern thy lofty Hill bares up my feet
while mine eyes take a survey of thy deep intrenchments thy
mighty bulwark ^{which have} trembled by the roar of cannon, the
clash of arms, + din of war has reechoed around thy brow
+ died away in the vale beneath, while the blood of
many a roman + Englishman to have washed thy brow + soaked
thy soil while they have fallen to rise no more, they sleep
in death + time has earthed them all + they are forgotten
+ blotted from the history + memory of man, Norwith-
standing O! Malvern thou hast been the Ark or refuge for thousands
in the time of trouble or war, yet Willford is the only
solitary soul that treads thy soil this day + he alone bends his
knee upon the height of thy summit in the midst of the clouds
to offer up the gratitude of his heart unto that God who will
soon level all hills exalt all valleys + redeem the earth
from the curse of sin + prepare it for the abode of the
Saints of the **MOST HIGH**. I retired from the hill into
the vale reflecting upon the rise, progress, decline, + fall of the
empires of the earth, + the revolutions which must still
transpire before the winding up scene + the coming of Christ

I preached at candle light at Brother John Allard at windpoint

wished me to baptize her, I also called upon a woman that
tended the gate at Chancys pitch + preached the word unto her

of the splendid mansion house by the name of Brand Lodge

among the United Brethren But as they now were all
receiving the fulness of the gospel they had become
Saints. The Saints began to collect at 2 o'clock by 4 we
had nearly 100 Saints together to the feast, we truly
had an interesting time. Elder Young addressed the
Saints clothed with the power of God, & then asked
a blessing upon the food prepared, we then sat down
to the table & each drank with nearly 100 Saints possess-
ing glad hearts & cheerful countenances. Elder Richards
remarked that he did not believe there had ever been
such a company of Saints prepared in so short a time
& bid fairer for the kingdom of heaven than the
company now before us, at least since the Church of
Warrior Day Saints was first organized, & I truly felt
grateful to my heavenly Father for his mercy when I
reflected back upon the time only two months & a half
since when I first proclaimed the fulness of the gospel
in this region & began to Baptize such as received my
testimony, & now there is nearly 400 souls standing
in the new & everlasting covenant & the prosperity
of the work constantly increasing. After our feast

hindered a short time in looking for a suitable place for Baptizing
a man by the name of Pitt came to us filled with the Devil
& wrath at the head of a mob & commanded us not to be Baptized
in that river & threatened us much if we did so. Elder Richards
Preached to Mr Pitt & warned him to repent & be Baptized
or he could not be saved. But the Devil raged to such
a degree in this man & his company we thought it wisdom
to omit it on this occasion. We did so & recired & went
our way, with this wicked man & the rest of the mob follow-
ing us shouting, hooting & yelling as though a part of hell
or least had broke loose. The Saints were strengthened seeing
that they were not of the world but the world hated them
& we also went our way rejoicing that we were countning
worthy to partake of these things. We cleansed our feet
by the way side as a testimony against Mr Pitt for rejecting
our testimony, & forbidding, & hindering others from entering
into the Kingdom of God. may the will of God be done concern-
ing that man, I pray that we may ever be reconciled to his
will in all things. We walked to Proom hill & found Br
& Sister Benbow both in better spirits than I have ever
seen them before. I Baptized one, & administered unto
one that was sick spent the night at Brother Benbow's

Reflections

From Adam man descended & prospered & blessed
 untill he polluted the earth by sin & wickedness to that
 degree that God destroyed the whole world by a flood
 except 4 souls & they went forth & again peopled the earth
 & was always blessed when they kept the commandments
 of God & was cursed when they broke them. God blessed
 Abram & made Covenants with him & his seed. Though
 Israel was in slavery as it were under Pharaoh yet when
 they cried unto God & was humble God raised up
 Moses & delivered them & cursed the Egyptian nation
 & overthrew them, God overthrew the Canaanites
 & gave the land to Israel. Nation after Nation has
 risen flourish & fallen from generation to generation
 Babylon the excellency of the Chaldeans, & the glory of
 kingdoms was in her turn laid in the dust & while
 the curse of God rested upon many nations for their
 sins & for Israel's sake, Israel forgot her God &
 turned to Idols, & proved the Lord to be equal in
 all his ways by scattering Israel to the four winds
 of heaven overthrowing Jerusalem laying her palaces
 Synagogues, & Temples in the dust to be trodden down
 by the gentiles while Judah was driven like the dumb
 Ass under his burthen scattered among all nations as corn
 was sifted in a sieve The gentile nations took her lands
 was grafted in where Israel was broken off & partook
 of the fatness of her olive tree & for a short season
 bore forth her fruit, then Rome arose & Greece
 in her turn have both spread themselves like a green
 bay tree & strove to have their branches reach to
 heaven while built upon Judah's ruin, who at the
 same time is receiving double at the hand of God for
 all his sins, Greece & Rome in their turn fall to the ground
 & out of Rome comes forth ten kingdoms who are now
 struggling for the mastery to sway the sceptre over the
 earth, But in vain, in vain, they strive O ye gentiles
 for this thing, ye are only fuel for the fire & tinder
 for the Breath of the Almighty. We have not continued
 in the goodness of God neither have we sought to recover
 Israel, Woe, Woe, Woe, unto you Rome for you are
 the mother of harlots & Woe unto all your Daughters
 in England & America not excepted, your destruc-
 tion is sure, your Condemnation lingereth not &
 your Damnation clumbrereth not, for you are all
 drunk with the Blood of Saints you have spoiled
 Judah & Ephraim you have trodden down Bethell
 will rise again & fill the word of God on thee.

June 22^d Elders Richards & myself spent the morning in arranging the minutes of the conference at Elder John Ben-
fours, we confirmed one Blessed & 4 children. & then Baptized
5 persons & confirmed them & also 2 others were
Baptized by Elder Clark which we confirmed & this
was just as we were about to leave Worcester Hill to
start on our Journey for the Conference at Manchester.
I never before left a field of labour with as
much satisfaction as on this occasion & I felt to
render up the gratitude of my heart to God for his
goodness to me on this occasion by giving me many
souls as seals of my ministry. for being led to this country
by the spirit of God I had traveled 80 miles through
a country of dense population & stayed at John Benfours
& preached for the first time on the 5th day of
March 1840 & I am this day blessed with the privilege
of leaving a fruitful field in this land with
33 Organized churches. Numbering 541 members
75 Officers viz 10 Elder 52 Priest 13 Teachers.
300 of the above named persons received the ordinance
of Baptism under my hands. & 241 were Bapti-
zed under the hands of Elders B. Young, W. Richard,
T. Kingston, J. Chees, C. Price, D. Browett, T. Clark,
S. Jones, P. Green. Also Priest John Parry, J. Barnes, T. Oakley
J. Palmer, J. Morgan, W. Jenkins, J. Spire, B. Williams
W. Parsons, W. Evans & J. Galt. Elder B. Young laboured
with me in this vineyard about one month. I obtained
much benefit, as well as all the Saints from his instruction
& council for he is mighty in Council & endowed
with much wisdom. Elder W. Richards also laboured
with me two months which was a great blessing unto
me as well as many Saints for he has passed through a
great school of experience & learned much wisdom
& sound judgment which is readily manifest in all
councils & conferences in which we have set together.
I also Baptized one at Ledbury & confirmed him & ordained
Business of the day (him to the office of a Priest Robert
Gomers)

I Baptized 6, Br Clark 2. Elder Richards & myself
confirmed & Ordained one Priest Blessed & 4 children
walked to Ledbury & spent the night Distance 4 m

23^d Elder Richard & myself parted with the Saints in
Ledbury & took coach & rode to Worcester 16 miles
from thence to Birmingham 24 miles this is the first time
I ever visited Birmingham which is the centre of England
after spending several hours together in visiting the city

June 24th 1840
we took the parting hand with each other & Elder Richards took the cars for Manchester & I took Coach for West Bromwich 5 miles & called upon Sister Mary Packard at Mr's Duffell's Church Tavern West Bromwich. She informed me that Elder Turley was in another part of the town & had commenced baptizing. Sister Packard accompanied me to Brother John Robinson Gritts Green near Bromwich. These friends received me kindly but informed me that Elder Turley had gone to Birmingham & I wrote him a letter to return & see me. I had not been in the house but a short time before two men came in full of wrath & anger & brought a blind girl & demanded me to heal her & work a miracle that they might have a sign to make them believe. After telling them what the character was of those that sought signs one of them by the name of John Hadley brought much railing accusation against me & rejected my testimony. Elder Turley had been preaching here three weeks & had commenced baptizing he had baptized 9 persons. Several came in in the evening to inquire into these things & I offered them selves for Baptism. I spent the night with George Morrall & son.

24th I had an interview with Elder Turley & was truly happy to see him he read a letter to me that he had received from his wife containing many important things among these says that Elders Orson Hyde & John E. Page were set apart at the conference in Commerce Illinois in the winter of 1840 on the 6th day of April 1840 to go to Palestine to visit the Jews there &c. & will call upon us on their way. The letter also stated that my wife Phoebe W. Woodruff was at the conference & in good health. I preached in the evening at West Bromwich at the house of Br Walker & were baptized by Elder Turley which we joyfully confirmed. I spent the night with Mr. Morrall.

25th I spent the day in West Bromwich & preached in the evening one was baptized by Elder Turley we ordained one priest & one teacher. I spent the night with Elder Turley at Enock Wood.

26th We took the omnibuses at the station & rode to Lanesend at the Staffordshire Potteries & Wolverhampton & Stafford 34 miles. It would be a difficult task to give a description of the country from Birmingham to Wolverhampton. I never saw any thing that comes so near the description of the Lake of fire & Brimstone spoken of by the Revelator John as several miles of that country for it is one universal mass of coal pits & iron mines & while thousands of human beings are

June 27th 1840

under ground at work in the midst of fire, sulphur, gas & coal &c. the whole face of the earth & heavens air & horizon, men, women, & houses, are filled & covered with the composition of fire, cinders gas, &c. & smoke of their misery & labours that assended up out of their piles firmnesses & pits from day to day & from year to year. in fine, it is more like Hell in comparison than any place I have as yet visited. (Uncommon) A boy by the name of Thomas Skelsey 15 years of age is becoming quite noted between Wolverhampton & Burslem by following the coaches or omnibuses on foot & keeps pace with them the whole distance. he runs about 40 miles in 6 hours, he has run through & returned in one day making 40 miles in about 12 hours when he gets weary he takes hold of a strap on the hind end of the coach with his hands but runs as usual. On one occasion he ran 14 miles in one hour & five minutes he is a poor boy & his only object is to get a living by receiving what money the passengers saw fit to give him about one shilling per day he does this running with bare feet on accadamized roads.

we called upon the Saints at Stoke from thence to Stoke & felt truly to rejoice to once more meet with the Saints in this region. We preached in the evening at Stoke had an interview with Elder Cordon spent the night at Stoke

distance of the day 40 miles

24th I had an interview with Elder G. A. Smith & I wrote a letter with Br. G. A. Smith & T. Twrley to President Joseph Smith II. I spent the day in Burslem, I heard a letter ~~wrote~~ read from Sister Tailor in Commerce giving an account of the Conference in that place. 70 were Baptized. Elders Hild & Page were set apart to visit the Jews at Palestine. The President of the United States had rejected the petition of the Latter Day Saints to have their wrongs redressed, & as the Judges, Governors & President of the United States had rejected the Saints & turned a deaf ear to their cries. The Saints have now appealed to the highest tribunal even the Court of HEAVEN & called upon God as their Deliverer. May the Lord speedily answer their prayers I pray. I spent the night at Mr Battleby.

25th Sunday we held a Camp meeting at Stoke we had a large congregation Elders G. A. Smith, T. Twrley, & A. Cordon Preached in the fore part of the day

2nd I spent the day at 149 Oldham road in writing
I was informed of a remarkable vision of Sister Ann
Booth which I have written on the following page
I spent the night at Br John Walkers Cooks on St No 10

A Remarkable Vision

¶ Ann Booth wife of Robert Booth of the Town of Manchester England had the following vision on the 12th Day of March in the year of our Lord 1840.

Being carried away in a vision to the place of departed souls I saw [12] prison one above another very large & builded of solid stone. On arriving at the door of the uppermost prison I beheld one of the 12 Apostles of the Lamb who had been martyred in America standing at the door of the prison holding a key with which he unlocked the door & went in & I followed him. He appeared to be of a large size thick set. Dark hair. Dark eyes & eyebrows of a smiling countenance & on his head was a Crown of Gold or something brighter. He was dressed in a long white robe with the sleeves plaited from the shoulder to the hand. Upon his breast were four stars ** apparently like gold and a gold girdle about his loins. His feet were bare from above the ankles downwards and his hands were also bare. As he entered the prison he seemed to stand about 3 feet from the floor (which was of Marble) as if the place was not worthy for him to stand upon. A very ^{brilliant} and glorious light surrounded him while the rest of the prison was dark. But his light was peculiar to himself & did not reflect upon others who were in the prison who were surrounded with a gloom of darkness. On the right hand near the door stood John Westley who on seeing the glorious Personage raised both hands & shouted Glory, honor, Praise, & Power be ascribed unto God & the Lamb forever & forever Deliverance has come. The Apostle then commenced to preach the Baptism of repentance for remission of sins and the gift of the Holy Ghost by the laying on of hands. When the hundreds of prisoners gave a shout with a loud voice saying Glory be to God forever & ever. The marble floor was then removed & a river of water clear as crystal seemed to flow in its place. The Apostle then called to John Westley by name who came forward & quickley and both went down into the water & he baptized him & coming up out of the water he laid hands on him for the gift of the Holy Ghost at the same time ordaining him to the Priesthood of Aaron. The Apostle then retired to the place where he stood at

first. and John Westley then proceeded to Baptize
a man by the name of Killham the leader of the New
Connection of Methodists and next John Madison & then
Scott. & John Wengue, the three latter were Methodist
preachers with whom I had formerly been acquainted
the next he Baptized was my Grandfather (Edmund
Whitehead) & the next was my Uncle (John Whitehead)
& the next was my Sister (Elizabeth Ottand) & next
Joseph Lancashire & next Samuel Robinson & the
next was my own Mother all these had lived & died
Methodists & I had been personally acquainted with
them all. And after this he Baptized all the prisoners
amounting to many hundreds after they were
all Baptized the Apostle laid his hands on them &
Confirmed them every one. then instantly the darkness
dispersed & they were all surrounded & enveloped in
a brilliant light such as surrounded the Apostle at the
first & they all lifted their voices with one accord
giving glory to God for deliverance. My Grandfather
then came to me & blessed me saying the Lord Bless
thee forever & ever. art thou come to see us deliver
My mother then came to me & clasped me in her arms
& kissed me three times & said the Lord Almighty
bless thee forever & ever. I then awoke out of
the vision & felt so happy & overjoyed that I
knew not how to remain in bed. But waking my
husband we arose & taking the Bible I opened ~~from~~
Provisionally to the text Isaiah 24th they shall be
gathered together &c. more & more astonished. I
~~opened again the Bible~~ I again opened the Bible to the 1st
of St John The light shineth in darkness &c. and again the
third time I opened it & immediately cast my eyes upon
the 3^d chapter of Peter 14. 19. 20. speaking of the spirits
in Prison. Being before ignorant of these texts & opening
upon each Provisionally I was astonished beyond measure.
I would further state that at the time I had this
vision I had never heard of the death of David W. Patten
whom I have since learned was one of the Twelve
Apostles of the Latter Day Saints in America & was slain
in the late persecution in the fall of 1834. But in the
vision I knew it was an Apostle who had been slain
in America. Perhaps many will think lightly of this
vision But I hereby solemnly testify that I actually
saw & heard in a vision what I have here related & I
give my name & set my seal in witness to the same
well knowing that I must stand before the Judgment Seat of
Christ & answer for this Testimony &

SIGNS IN THE LAST DAYS

On the 9th of Aug 1740 there was a sign in the Moon the people at Great Marlvern Hills in Herefordshire took a view of it through their glasses, the appearance of the moon was as if it were painted red & while looking at it one part of it fell in peices & the appearance of a soldier was seen in the moon with a white feather in his cap the number that was on his cap very plain & a figure 8 on his shoulder, they saw his firelock & gun ready for Battle & his dress was clearly seen

On the 17th of October 1740 while the man that tends the gas lights at the Carpenter Hall was lighting the Chan Jalliers for a publick disussion 12 of them burst in peeces Elder O Pratt stood beside of me at the time, the man said he had never seen such a thing before, this was to light the Hall to accomodate Mr Berry who pledged himself to prove the Book of mormon fals & wasq Baptism not essential unto Salvation

A Dream On the 25th of Oct I fell asleep & dreamed I was at my Father's house in Farmington Conn my father had caught some fish I thought I would go to fishing to, I went under the saw mill & the trench was full of pickerel father shut down the gates & the fish started to run down stream with the water I ran down to the bottom of the Island jumped into the trench, & caught a great many large fish with my hands as they came down. I then went to the mill & Brother Asahel Woodruff who has been dead two years came & broght many fish & showed me which he caught in the trench, we then commenced eating peaches with other friends & talked about & rejoiced in the glories of IMMORTALITY

"The Rev R. Aitken A.M. of London says, as the prophecies concerning the birth, life, & death, our Lord were literally fulfilled at his first coming, to the division of his garments and to the casting of lots upon his vestures so every prophecy & promise respecting his second coming—throne—kingdom—reign—judgment—power—with the changes predicted in the world—elements—nature—condition of animals and the like, shall be literally accomplished" Truth

July 13th I received a lengthy + interesting Letter from

Letter from
Phoebe W.

Phoebe W. Woodruff from which I made some extracts to be inserted in the Star which will appear in the 4th No. My wife informs me in this Letter that the Rev Mr Bogart a Methodist Preacher who was the Leader of the Missouri Mob in the persecution of the Saints, has shot a man during the Election who died in few hours. Mr Bogart has had his trial & is to be hung on the 4th Day of July next. Also that an Indian with his wife & daughter has embraced the fulness of the gospel & been Baptized in Commerce the Indian is an Interpreter of six tribes, & the Indian says all of those tribes will receive the work. & two Elders with their families (Brothers Butler & Emmitt) have gone out among the Indians on a mission &c As this is the first Commencement of the work among the Lamanites I pray God the Eternal Father in the name of Jesus Christ to roll on his work among that people & turn their captivity & speedily overshadow them with the light of the fulness of the gospel of Jesus Christ. Roll on O ye mighty wheel of the Kingdom of God until ye become a mountain & fill the whole earth. Let the day which has now broke close no more until Judah rejoices & Israel is made glad & Ephraim's Nobles are of himself & his Governor proceed forth out of the midst of him. Let the prayer of the widow & the cry of the Orphan ascend into the ears of the Lord of Sabaoth, let the heavens witness their tears & record them on high, until the Almighty shall come out of his hiding place & avenge those widows & orphans of the spilt blood of their martyred husbands & Fathers which was shed by the Iron hand of the inhabitants of Missouri for the word of God & the testimony of Jesus Christ. Let the American Nation speedily learn that there is still a God in Israel who holds the destinies of all nations in his own hand & at whose command goes forth the issues of life & death. O Word cloth thy Saints with Salvation & thine Elders with the Power of God. Give thy Prophets wisdom, means, & power, to establish Zion & her stakes to be thine down no more forever; Make thy Apostles men after thine own heart & swift witnesses to the nations of the earth let Council wisdom & the fear of God rest upon them until all thy purposes are accomplished concerning them which thou wilt deign to perform??

Lord preserve my wife & children from sickness & death untill my return O Lord I commit them into thy hands, feed, clothe & comfort them & thine shall be the glory.

I am happy to learn on our return to the churches in Herefordshire & adjoining country that the work of God is rolling on rapidly upon every hand. The Elders & Priest are universally blessed in their ministry in this part of the vineyard & they are baptizing daily. Elder Richardson has baptized about 40 since his arrival & Elder Key about 20. Elders Kingston, Browett, Benbow, Chees, Clark & others have baptized many. We have baptized 40 this day in different parts of the vineyard in this region. There has been about 250 baptized in this region since the conference which we held in this region. The churches here now number about 400 ^{separation} all of which have embraced the gospel within five months from the church of England & all other Protestant churches. We have baptized several clergymen of the church of England & some of the leading Physicians. Elder G. A. Smith & myself have not baptized any ourselves since we came this last time. But we preach the gospel, counsel, & lay on hands for confirmation but call upon others to baptize. We are looking for Elder Kimball every day & as soon as he arrives we shall take our leave of the saints here & go to the city of LONDON & warn the inhabitants thereof & preach the gospel unto them. I pray the Lord to send the Angel of his presence before us & prepare the way that much good may be done in the name of the Lord. Elder Kimball had two letters direct from America one from his wife & the other from father John Smith to his son George A. Smith. Sister Kimball informs us of the Death of Bishop EDWARD PATRIDGE who DIED May 2nd 1840 & his oldest daughter died the week before. The Loss of Bishop Patridge will be greatly felt by the Church he is one of the wisest & best men of the Last-Days He was like Nathaniel of old in whom there is no guile. he has passed through much Persecution for the word of God & the testimony of Jesus Christ in 1833 he was imprisoned & besmeared with tar & feathers in 1839 he was again imprisoned & passed through the great Persecution of that year & he has been a member & Bishop of the Church of Jesus Christ of Latter Day Saints almost from the Beginning. But he has now gone to rest & to receive his crown of glory.

Father John Smith informed us in his letter of some remarkable signs that lately appeared among the Saints viz On the 14th of June 1840 on Sunday five women members of the church saw two men ride across the Mississippi ^{river} from Commerce Mississippi River from Montrose to NAWVOO one man was on a white horse & the other on a bay or red horse the waters parted under their feet & fire flew when their tails moved & they observed the clothing of the men. A few months previous to this a man was seen walking across the river by several believers & others the unbelievers said probably a morimon was

going across to steal something, this is the effect that
Signs have on those that seek them.

costly merchandise where with thou art adorned
as even as the capital of great Babylon. I am
ready to ask myself what am I & my Brethren
here for, & as the spirit answers to warn thee
of thine abominations & to exhort thee to repent of
thy wickedness & prepare for the day of thy visit-
ation thy mourning thy calamity & thy woe. I am
ready to cry out Lord who is sufficient for
these things, O Mighty God of Jacob clothe us with
thy power, Let the power of the Priesthood res-
pond us & the spirit of our ministry & mission &
enable us to warn the inhabitants of this city
in such a manner that our garments will be clean
of their Blood & that we may seek out the hidden
in heart & the meek from among men & have many
souls as seals of our ministry

21st This was the most interesting day of my life

as far as viewing the splendid works of man was concerned. I started in company with Elder Kimble & S. A. Smith. for a walk over the City of London we crossed over London Bridge, through King Williams St & passed through several other streets visited the cup & garden, passed through St Martin street & Court, & Leicester square, & Sidney Alley, Coventry St, Picadilly, Glasshouse St & we passed through most the whole length of Regent street one of the most splendid streets in the world, we passed through Langham place, All Souls church with a spire naked from its base to the point we also passed through Oxford St. we returned by the way of St Pauls church a description of which I shall give another day.

To end the sceneries of this days walk, we visited the noted monument erected in commemoration of the DREADEFUL FIRE OF LONDON in the year 1666 built under the inspection of that great Architect SIR CHRISTOPHER WREN we entered a door at its base (paid 16 on entering) & ascended 345 black marble steps which brought us 200 feet into the air about 100 feet higher than the highest dwellings we stepped on the outside of the pillar surrounded by an iron railing which at once presented to our view an indescribable scenery upon every hand.

Here we were standing about 200 feet in the air upon the highest & finest modern Column in the world & with the glance of the naked eye we could overlook & survey the largest most noted, populous & splendid City upon the face of the whole earth even a City containing a million & a half of human beings, & such a splendid prospect & grand scenery I never before beheld, we were situated so as to overlook nearly every part of the city east of us lay the splendid tower of London & the Mint, North the Mansion of Lord Mayor of London. North West St Pauls Church West, Westminster Abbey & the house of Parliament, South lies the River Thames with five large arched Bridges acrossed it in full view, & another which is not seen from the pillar making six, five of which are hewn stone & one is all of solid cast Iron, viz Southwark Bridge while London, Blackfriars Waterloo, Westminster & Vauxhall Bridges are all stone, South of the River lies London Borough & in addition to this were hundreds of churches, chapels, & spires standing

in the midst of one Universal ^{Aug 1840} fens most of brick & stone
buildings, covering about six miles square of ground
while viewing this scenery in a clear day we were
conversing with a Prussian traveller (citizen of Berlin)
who had traveled much over Europe & Asia & other
parts of the world & he declared we could not
find another spot upon the face of the earth that
would present to our view as grand a scenery as
the one before us. This monument was 24 feet high
than Trajan's Pillar at Rome. This pillar cost £13,500
or \$75,500 dollars. The following is inscribed upon
one side of the monument in LATIN.

In the year of Christ 1666 the second
day of September from hence at the distance of two hundred
red & two feet the height of this column above midnight
a most terrible fire broke out which driven on by a high
wind not only wasted the adjacent parts but also places very
remote with incredible noise & fury. It consumed 49
churches, the gates of the city, Guild hall many public structures,
hospitals, schools, libraries a vast number of stately
edifices, 13,200 dwelling houses 400 streets of 26 wards
it utterly destroyed 15 & left 5 others shattered & half
burnt. The ruins of the city were 436 acres from the
Tower by the Thames side to the Temple Church &
from the Northeast Gate along the city wall to Holborn
Bridge. To the estates & fortunes of the citizens it
was merciless but to their lives very favorable (only
eight being lost) That it might in all things resemble the
last conflagration of the world. The destruction
was sudden for in a small space of time the same
city was seen more flourishing & reduced to
nothing three days after when the fatal fire
had baffled all human councils & endeavours,
the opinion of all as it were, by the will of heaven
it stopped & on every side was extinguished.

in the world at the present time excepting the ^{Church} ~~Watson~~ at Rome dedicated to St Peter. It is 500 feet long + 245 wide from N to S. + 404 feet high (from E to W) + it contains 47 monuments of fine marble erected over the tombs of certain Lords, Bishops Generals & other Titles who have distinguished themselves in the military service of Great Britain + otherwise Lord Nelsons Monument is the largest + most noted. their Bodies are placed in vaults under the building + their monuments mostly erected on the floor above. This Cathedral bears up three lofty spires + the whole Building is splendid inside + out. It was first built by St Augustine in the year 610. It was destroyed by fire in 961 + rebuilt the following year. It was not till the reign of Athelstan that London became the metropolis of England + it was to this prince more perhaps than to any of his predecessors that the cathedral of St Paul was indebted for its permanent establishment + preeminence. In 1046 this cathedral was again destroyed by fire which also involved the greater part of the metropolis in ruin. Maurice who was then Bishop of London had been chaplain + chancellor to King William. conceived (says Stow) the vast design of erecting the magnificent structure which immediately preceded the present Cathedral which was sufficiently erected by 1099 to admit of public worship. But it was again partly burned in 1132 + again in 1135-6 it sustained considerably injury, the central tower was completed in 1221 + they continued to add unto it from time to time. The lofty spire of the cathedral was fired by lightning in 1444, + not repaired till 1462, in June 1561 the spire was again set on fire which destroyed spire + roof, + Queen Elizabeth commenced to repair it which was afterwards accomplished by Edward + King Charles the first who expended £104,330. 4s. 4d. but immediately dissensions arose between the king + parliament, + the whole cathedral suffered beyond any former example. the revenues of the church was confiscated, the money + materials seized by the parliament + the whole body of the building was converted into stables + barracks for dragoons &c But it was again repaired the reign of Charles the second but it was not finished before it became a prey to the flames in the great fire of London in 1666 which desolated the chief part of the metropolis the above is a brief history of St Pauls church untill 1666,

The now present building or new Cathedral was
built under the direction of Sir Christopher Wren
the first stone was laid on the 21st of June 1675 &
the highest stone of the pile was laid at the top of the
lantern by Mr Christopher Wren the son of the Architect
in the year 1710. & the last finishing & adorning the
church was issued in 1715 by George the first
the whole expens of erecting this magnificent structure
was about ~~£1,546,000~~ or ~~£3,640,000~~ ~~£5,440,340~~

is 500. the breadth of the body of the church is 285 feet
the height from the pavement in the street to the top of the

towers at the west end are each 222 in height the
general height of the wall is about 90 feet It was

It covers over two (English) acres of ground
I again visited this Cathedral on the 7th of Sept &
I visited every part of it from the lower floor to
to the Ball I walked all through the whispering
gallery a person can hear a whisper from any part of
it & when the door shuts together it penetrates
the ear like peals of thunder I next visited the

I purchased a pamphlet giving a full history of the whole concern

25th ^{Aug. 28th 1840} I wrote a letter to Elder Torley & enclosed our lectures & sent them to him to convey them to America we directed them to Liverpool. We visited Mr. George Boulton pin & needle hook & eye manufacturer we went to his shop & saw them make pins through every process of it from the wire to the finish we attended a tea total meeting at the Temperance Hall

We engaged the hall for a public meeting that we might preach the gospel to the people we could not have it until the 7th of Sept. Elder Smith made a short speech in the tea total meeting we returned & spent the night at our lodgings in

26 We all started out to try to get some doors open for preaching the gospel Br Kimball went to one part of the city Br Smith & myself visited another part we called upon two Baptist ministers, we asked one for his chapel & the other we warned & left an address we attended meeting in the evening at the Methodist Chapel in Long Lane

27th I wrote a letter to Phebe sent by the hand of Sister Elizabeth Ravenscroft I also wrote a letter to Sister Elizabeth R. We attended a tea total meeting (or temperance) at the Temperance Hall in St Georges Road near Elephant & Castle South London By request of the Committee I addressed the meeting upon the subject of Temperance & was followed by Elder Smith We gave out an appointment to preach upon the gospel at the same place on the 7th of Sept, we are making every exertion to find some saints or those who are willing to obey the gospel in this City of London But as yet our searching had been in vain, Priest & People are all bound up in Bundles of tradition there Bands are made strong & the whole City is given to whoredoms & all manner of wickedness & is ripe for judgment, Still we are determined to spare no pains but to search diligently that we may seek out the honest heart & the meek of the earth

28
24 We all started out in the morning to go through the city of London to see if we could find any man that had the spirit of God & after wandering several miles through the city not knowing whether we went we came to an Ephraimite

Aug 29th 1840

walking in the street we stepped up to him & spoke to him though it was the first time we had ever seen him Br Kimball asked him if he was a preacher he said he was he seemed to have a good spirit his name was Manning he had been to America he was a native of Gloucestershire had come to London for the purpose of going to South Australia but he was now in trouble he had just buried his one child & another lay at the point of death Br Kimball told him his child should live, he gave us some information where we could preach & after leaving him we passed by St Luke Church visited Smithfield market, returned by St Pauls crossed London Bridge & returned to our room in Grange Road 15. & after taking some refreshment Brother Kimball & myself took a walk to Deptford Parish called at Mr Holyoak Grove St to see Mr Manning he was not in we saw his child that was sick he was better, after leaving the house & walking a short distance we heard singing we found it was a meeting we went in & heard a Calvinist preach by the name of Winters he gave us an invitation to call & see him he treated us kindly but he was a great spiritualizer. We returned to our room & soon Brother John Hulme called to see us he brought us a bundle of papers & a letter from Elder Richards. I retired to rest & had an interesting dream in catching fish 2-12

29th We again went over the City of London to see if we could find the children of God & we found one man & his household that received our testimony & opened his doors for us to preach we appointed a meeting at his house for Sunday evening I think he & his household will soon be Baptized his name is CORNER 52 Ironmonger Row St Luke Parish near the church. we had an interview with Br Hulme we returned & crossed Blackfriars Bridge over the Thames distance 6m

30th Sunday FIRST FOUNDATION OF THE
FULNESS OF THE EVERLASTING GOSPEL
IN THE CITY OF LONDON

We having spent 12 days going to & fro through

the City of London to try to find a people that were willing to receive our testimony & obey the fullness of the gospel of Jesus Christ, but finding every door shut against us we were now determined in the name of God to go into the streets & lift up our voice & warn the people accordingly. Elders Kimball, Smith, & myself, walked 3 miles into the city, & stopped in Tabernacle Square Old Street. Here we found a man preaching to the people of the Aitken Society & when he closed another man got into the chair to preach belonging to the Calvinist or Presbyterians & just as he was about to speak Elder Kimball informed him that there was a preacher from America present - who would like to speak when he got through. The preacher then informed the people that there was an American preacher present & he proposed for him to speak first. Elder G. A. Smith then got into the chair & spoke about 20 minutes & was followed by the other preacher. Elder Smith informed the people that there was two other American preachers present that would address them if they had an opportunity & when the Calvinist preacher closed, Elder Kimball asked him if there would be any objection to our preaching there at 3 o'clock. He says No not at all, what denomination do you belong to? To the Church of Jesus Christ of Latter Day Saints, O I have heard of them, they are a bad people, they have done much hurt they divide churches. We don't want to hear you, He then got up into his chair & said to the people I have just heard that the last man that spoke belongs to the Latter Day Saints & he spoke all manner of evil of us, & scandalized us before the people without hearing us knowing any thing about our principles. Elder Kimball then asked him to let him step into the chair & give our the appointment for a 3 o'clock meeting but he would not let him & just as he went to step into the chair another preacher of the same order hatched up the chair & run away with it. Elder Kimball then raised his voice & informed the people, that some American preachers would preach there at 3 o'clock, at which time we were all three of us on the spot & the conduct of the preacher & the excitement upon the subject brought a large congregation together. I opened the meeting by singing, & prayer & spoke about 30 minutes from Gal 1, 4, 9 upon the first principles of the gospel, I was then followed by Elder Kimball who

Aug. 31st 1846

Spoke about the same length of time, the people gave
good attention to what we said & seemed to be much
interested in what they heard, & we dismissed our
meeting in the midst of good feelings. Mr. Corner invited
us home, soon after we arrived at his house Elder
Kimball felt impressed to return back to the place
of preaching, & when he got there he found a
large company talking about the things which they
had heard & they wished him to speak to them again
& he did so & spoke lengthily & several invited him
home, & while he was there, a man that was a
preacher came to Mr. Corner's where Br. Smith & I
was & I gave them a brief account of the great
work which God was doing in these last days & they
received the things which I spoke unto them & Mr.
Corner offered himself for Baptism which is the
first man that has offered himself for Baptism in
the city of London to us we appointed next evening
to administer the ordinance unto him & his household
or as many as would receive it we took supper
with him & returned home by the way of London
Bridge the whole bridge & streets was covered with
people so thick that a person could scarcely get along
I returned home weary & spent the night at our
lodgings but was unwell through the night with the
Bowel Complaint. But I felt thankful to God for
his mercies on to us for giving us the privilege
of preaching once to the people in London & of having
one soul as a seal of our ministry 7 miles

31st We walked into the City & called upon
Mr. Corner 52 Ironmonger row, St. Luke parish
while on our way we received a letter from
sister Eliza Bromlet she stated she had a dream
that we should soon Baptize a man that would
do much good, after reading the letter & arriving
at Mr. Corner's, he went forward with us to a
public Bath & was Baptized under the hands of
Elder Kimball, & after returning to his house we
all three laid our hands upon him & confirmed
him which is the first man that has received the
work in the City of London as a seal of our
ministry, we returned home & felt to thank
God for his goodness in giving us one soul, his
wife manifested much interest in the work &
thinks of being Baptized soon. Brother Corner
has been a watchmaker nearly all his life. 7m

Sept 1.st I walked ~~out~~ ^{Sept 1st 1840} in the afternoon with
Elders Smith & Kimball to visit some of the great
works of man, we visited the Thames Tunnel
which is considered one of the greatest wonders
of the world. We entered the Tunnel on the
South Side of the river Thames at Rotherhithe
& after going about about 40 feet down into the
earth we entered the archway on the left which
was finished 1120 feet which was beautifully
lighted up with gas we walked through it under the
river Thames, with the river & shipping over our
heads & in some places not more than 15 feet betw
een the top of the arch & the bed of the river. there
is two ~~archways~~ ^{archways} the whole length of the tunnel &
openings which afford free communication from one
archway to the other, this is considered the greatest
piece of invention & most splendid work ever ac-
complished by man in modern times. We wrote our
names & profession & residence in a record about end
er the centre of the river. We then came out of
the Tunnel, & rode in a shiff 2 miles to the Tower
of London which was built by the Romans, but is now
occupied for the garrison armory & Jewels of the
British Navy & army &c we did not spend much time
in visiting this for it was late & we could not go thr
ough the different apartments on our return home
we saw near London Bridge exhibited a representation
as large as life in full costume the death of Marco Botzaris
Don Carlos & his staff. The Duchess de Berri, the Infan-
t Don Sebastian, Maroto Cyril & other officers,
And the atrocious Murderers Gould, Oxford,
Courvoisier, & Bailey Greenacre & Sarah Gale.
We returned home to our lodgings & spent the night
it was quite ill through the night with the Bowel complai-
nt which I have had for several days. Amis

2nd I arose quite ill with my complaint spent the
day mostly in my room. Elders Kimball & Smith went
into the city to visit the people found some that
harkened to their testimony. London is the hardest
place I ever visited for establishing the gospel. It
is full of every thing but righteousness, but we do
not feel discouraged in the least we are determined
in the name of the Lord to set up the standard of truth
in this city & to seek out the honest in heart & then
warn them from among men & warn all as far as our
power that the world may be left without excuse

Sept. 3^d 1846

3^d I felt some better this morning But am Confused most of the day to my room Elders Kimball & Smith took a walk into the City

27th Elders Kimball & Smith took a walk to Dorchester, & I took a walk into the City called upon Mr. Corner found him in good spirits. I also called upon Mr. Panther in wharf City Road Basin, as he was a director of a Methodist Chapel I asked him for it to preach in, he said he had a school house that would hold about 500 he said I might have that on Sunday & he would give up his school for that purpose so I gave out an appointment at Bowl Court 137. I conversed with several others who received my testimony one woman said she would be baptized. I returned home by the way of the Smithfield Market which occupies about 20 acres of ground. & it was in the time of the fair & I never saw such a scenery before. In fact it would be a difficult task for a historian to describe the particulars of 20 acres of ground covered over with Cattle, Sheep, Caravans of Beasts, Lions, Tigers, Leopards, Bears, Wolves, Elephants, Camels, & every description of beasts, Animal & reptile exhibited in Europe. These connected with large bands of music, men, women & children of almost every grade & rank, prostitutes & merchantize of every home & nation.

Oysters, Shrimps, mussels, crabs, lobsters, fish, cake, bread, meat, beer, soda, Crockery, toys, clothing of all kinds, old & new, umbrellas, pears, Apples, plums, & grapes & almost every thing else that anybody ever saw, & a Giant woman was exhibited 7 feet high, a sheep weighing 600 lbs. & a live serpent 12 feet in length which a woman would wind around her bare neck & bosom to show her courage &c.

Should a Missionary from the western wilds of America whose knowledge extends only to his gun, corn, drift & happen behold such a scene, I think he would think he was in another world, what affect it would have upon him I know not but one thing is certain that any man that loved virtue, peace & retirement would turn from such a scenery & with his heart sicken within him knowing that virtue, peace nor righteousness could not long dwell in such a sink of confusion & iniquity.

Sept 5th

Sept 5th 1840
 Elders Kimball, Smith & myself
 visited Westminster Abbey
 & went through every apartment

of it & saw all the tombs & monuments of the
 Kings, Queens, Princes, Lords & notable men that have
 ever been entombed within its walls. One part of
 the Abbey was built in the year 600 having stood
 over 1200 years most all of the Kings & Queens of
 England are in this Abbey that have died for the
 last 1200 years we saw the perfect likenesses of Queen
 Elizabeth, Mary & Ann, Lord Nelson, & Peter & others.
 we saw the full coronation dress of Queen Ann. We
 saw the chair in which Queen Victoria
 was crowned & all the Kings & Queens for the last
 400 years, this chair is covered with gold tissue &
 contains a stone under the seat upon which all the
 Scottish chiefs & Kings were crowned since they were a
 people it is reported to be Jacobs pillar this chair has
 been in use more than 400 years. This Abbey is
 composed of Eleven Chapels, (only separated by walls or partition)
 viz St Benedict. St Edmund. St Nicholas. Henry the Seventh
 St Paul. St Edward the Confessor. St Erasmus. Abbotslip.
 St John. St Andrew. And St Michael. & these Chapels
 contain the bodies, tombs & monuments of 13 Kings viz
 Edward I. - III. - V. - VI. Charles II. Henry III. - V. - VII. -
 James I. George II. Richard II. William III. And Sebert
 King of the East Saxons who first built this church & he
 died July 616. Also 13 Queens viz Athelgode Queen
 of Sebert who died Sept 13th 615. And Phillippa. Matilda
 Mary I. - II. & Queen Mary of Scotland. Elizabeth. Catherine
 Queen Anne, & Editha. Eleanor & Caroline. And of 6
 Princes. 11 Dukes. 7 Duchesses. 1 Marguis. 7 Lords. 3
 Vicounts. 4 Countesses. 3 Barons. 16 Earls. 11 Admirals
 10 Generals. 5 Col. 3 Majors. 10 Capt. 4 Lieut. 16 Bishops.
 6 Divines. 15 Doct. 52 Girs. 153 Gentlemen And
 48 Lady's making 421 persons who have been deposited
 in vaults in this Abbey & Monuments erected to their
 Memory. Here we see frequent marks of violence from
 O. Cromwell in defacing some of the tombs, monuments & brass, the
 work with which some of the Abbey was adorned, Here we behold
 the art of man with all its combined force & power spent in
 the finest chiseled & expanded to the fullest extent in the building &
 finishing of this Abbey as a general whole but more especially
 that part called Henry Seventh Chapel. And a visit to this
 ABBEY is not only worthy of the Attention of all travel-
 lers but to occupy a place in the Journal of any Historian
 fond of British ANTIQUITY

Sept. 6th 1840

6th Sunday I preached in the morning at Bowl Court 237 Shoreditch was followed by Elders Kimball & Smith. Also we held a meeting in Tabernacle square at 3 o'clock & Elders Kimball & Smith preached in the street & I followed them in bearing testimony one man arose & opposed us & was angry because of the truth of God & continued opposing until the conversation was stopped by the police. We met again in the evening at Bowl Court to preach to the people as we had an appointment but when we got there, we found a plan contrived by several of the preachers for one of them to preach lest some of the people would believe our doctrine. & when we saw this we went our way & found four other persons that received our testimony & offered themselves for Baptism. 7th I wrote a letter to Elder Browett & walked to Br. Corner's & visited several other friends. ~~W. W. O. S. S. V. S. 100~~ Two offered themselves for Baptism. On my return home I ~~passed through Smith's~~ ~~market & it was far time with them & such a~~ ~~scene I never saw before.~~ I visited St Pauls Church or Cathedral after visiting the lower room which we visited on the 24th Aug. I then walked on circular stairs into the whispering gallery which is round & exceeding large & a person can hear a whisper distinctly from any part of it. I next visited the Cupola & all parts above it until I got to the top of the Brass ball upon which the cross stands which is as high as any man can go. It brought me 400 feet in the air over the city. I wrote my name & returned to the house. On arriving at our boarding hours I found Elders Kimball & Smith who had just returned from a visit with the Rev. R. Aitken A.M. he treated them kindly acknowledged their doctrine to be true but was afraid of deception his mind is in a disturbed state. We held a meeting in the Temperance hall in the evening which was well lighted with gas but we had almost bare walls to preach to as there was only about 30 persons present. The truth is the minds of the people here in London are taken up with every thing but the things of God & righteousness. I preached to the people about one hour & was followed by Elder Kimball. After paying 1/6 for the use of the Hall we returned to our lodgings.

4th

I spent ^{Sept 8th 1840} a part of this day in visiting places & things connected with the Crown. We all three started

together & walked up King & Union Street, passed by Sarry Chapel. Built & occupied for many years by the celebrated Rev Rowland Hill, whose body now lies under the Chapel from thence we continued west to Westminster Bridge which we walked over which brought us direct to Westminster Abbey & to the house of parliament. We walk through the house of Commons & of Lords we sat in the Chair where the Speaker of the house of Lords had sat for many years. In this room all the speeches were made by Mr William Pitt concerning America before the Revolution. In this room all the laws were made that ~~in~~ now governs from 172, 452, 000 to 200 000 000 of human beings. As the house of Commons was burned down about 6 years since this room is now occupied by the house of Commons & there is another house now built which the house of Lords at the present time occupy. One would naturally suppose that a room fitted up to contain the house of Lords of Commons would be something extra, grand expensive & fine but it is not so but the reverse it is exceedingly plain & undecorated. On entering the room one would sooner think he was in an American School house rather than in a house of Lords or of Commons. From this we visited St James Park, where saw the a company of 200 foot Soldiers or guards on parade accompanied by a full band of music. After which we saw the Queens Horse Guard on parade one hundred in number with their bodies covered with steel which shined much in the sun they were all mounted upon Black mares which were fast & fat. We visited the monument erected in honor to His Grace the Duke of York it was 135 in height. I parted with Elders Kimball & Smith. I walked the whole length of St James park it has a pool in the centre & mansions & palaces around it. I first visited the mansion of Queen Dowager widow of the late King William IV. I next visited the mansion of the Duke of Southland which was quite splendid. I then visited Buckingham Palace one of the most splendid palaces in Europe or the world. This palace is for the Royal family it is now occupied by her Majesty Queen Victoria & his Highness Prince Albert. It covers an number of

Sept 9th 1840

acres of ground, & every door, entrance, & gate was strongly guarded by armed soldiers. I walked nearly around this palace & while there I had the privilege of seeing his Royal Highness PRINCE ALBERT While he rode from his Palace across St James Park he was mounted on a gray horse was followed by his groom on a sorrel horse. He was not accompanied by her Majesty Victoria or any other person except his groom, he was dressed in a frock coat & dark pantloons, he looks well fresh & healthy & in the bloom of life as he is but about 20 years of age. I did not see her majesty as she was at Windsor at the present time. I also visited the National Gallery & saw all the paintings which the nations has gathered together which are considered the most sublime of any in the world after leaving the gallery & visiting St Martins Church. I thought I had seen as much as my brain would contain in one day. I then walked about 3 miles through the city & again met with my brethren at Br Corner's 52 Ironmonger Row, St Lukes London & after spending a little time with the friends we again returned to our lodgings & spent the night. Distance of the day 12m

9th I took Breakfast paid my Bills called upon Mr & Mrs Allgood for the last time at present. Mrs Allgood sent a pair of ewers & a ring for keys. to Phebe they treated us kindly. we walked to London Bridge. we hired a half or a horse all as Brother Kimball calls it & we rode to Ironmonger Row St Lukes & Elders Kimball & Smith his home lodgings at No 40 Ironmonger Row. St Lukes at which place we spent the night. Br Corner cleaned my watch. he said it was a very expensive watch when it was first made he said it cost £10. 0. 0. It was a horizontal watch. Cased & Jeweled in 4 holes with the first class of Jewels & it was a centre seconds he said. it was cheap at the present time at £5.

10th I took the parting hand with Elders Kimball & G. A. Smith & the friends in London having spent 23 days in that great city for the purpose of warning the people & establishing the kingdom & we all found as hard work

Sept 11th 1840
to find Saints & build up a Church as in any
place we ever visited we Baptized one man
& ordained him a priest - & 6 others gave in
their names to be Baptized on next Saturday
or Sunday & also there was some little pro-
spect of the Rev R. Aitken A.M. receiving & embrac-
ing the work which will open doors to many
honest souls So I felt to rejoice that our lab-
ours were not altogether in vain. I took the
Omnibus & rode 3 miles to the great Western
Railway Paddington Depot. I took the railcar
at 9 o'clock & rode 170 miles passed by Windsor Castle
with the British flag raised as a token that
her Majesty was there. I again took Coach at
Farrington Road Station & rode 40 miles to Chel-
tenham at which place I arrived at 4 o'clock here I
found Elder Brewster & wife, Sister Lamborn
& Br & Sister Crook after spending 3 hours in
Cheltenham I rode home with Elder Brewster
6 miles & spent the night - On my return to
these Churches connected with the Herefordshire
Conference &c I rejoice to find the work uninter-
sally progressing with great rapidity upon every
hand even some cases among the Nobility where
they are becoming convinced the work is of God

15th ~~Sept~~ I walked from Turkey Hall to forty Green I wrote a letter to Lady Roberts a companion to Lady Dowdswell, & sent it to her by the hand of Sister Brooks. Lady Roberts is of the Nobility a Lady of wealth, of Rank, has at her command the languages has withdrawn from the Church of England & has travelled much in search of truth, & looking for the fulfillment of the ancient Prophecy, she became acquainted with the fulness of the gospel through a female servant in the employ of Square Dowdswell which I had baptised & as soon as she began to investigate the subject the spirit of God rested upon her & convinced her of the truth of the work & she obtained the four members of the Millennial Star which we had printed & fearing she should not be able to obtain them she copied the whole of them off with her pen she read the Book of mormon & copied a part of that in the same manner, she became perfectly convinced of the truth of the work & said she would go a thousand miles but what she would see some of the Twelve & be baptised under their hands & hearing that I was in London she was

Sept 16th 1840

about to take a journey there to see me & the other
Brethren & be baptized. She will not inform any of
her relatives or rank of her intentions until she is
baptized thinking she will then have more power
to commence her testimony & writings among those sitting
in high places. She has two Brethren ministers of the
Church of England. After sending her an address by
letter, she returned me a virble answer by Sister
Brooks thanking me kindly for the interest & manifested in
her welfare, saying she should address me by letter in
a few days. I then walked to Hawcross & preached &
spent the night at Br Smiths 5 miles

16th I walked to Dymock & joined Elder Kingston
at his house in attending their regular weekly prayer
meeting. Elder Kingston had been faithful in warning
the inhabitants of Dymock & had gathered together about
50 saints which had much stirred up the people to anger
against the saints especially Mr John Simons the
Rector of the Church in Dymock manifested much of
the spirit of the Devil by stirring up mobs against
the saints which had disturbed the meetings of the
saints in several instances, & on this occasion as we
began to gather together the beat of drums, pails, pans,
& sticks, was heard through the street, & the mob soon
collected & paraded in the streets in front of the house
we closed the window shutters & doors in the room
where we were, & I opened meeting by singing &
Prayer & no sooner had we commenced than the mob
armed themselves with eggs, bricks, rocks, & every thing
els they could lay their hands upon & began to throw
them upon the house like a shower of hail stones for
nearly an hour they dashed in the windows scattered
stones brick & glass through the rooms, broke the tile
on the roof & continued such depredations until
the close of the meeting, & the Brethren feeling
disposed to try what virtue there was in the English
laws which were strict against such proceedings
I proposed to accompany them to go into the midst
of the mob to see who they were that there might be
testimony against them. But they would not permit
me to go with them lest I should receive an injury from
the shower of stones but several of the Brethren went
themselves into the midst of the mob & took the names
of the leaders & returned to the house in the midst of
stones, & brick bats, though without injury & the mob

soon broke up & after clearing out rooms of brick ston
& glass we lay down & had a good nights rest 5 mil
13th I wrote a letter to Elders Kimball & Smith
17th I spent most of the day in Dymock & in the
evening I walked to Ledbury & spent the night
at Br Pullins 5 miles

14th I walked to Erooms Hill & found the Saints
in good spirits I learned by letter that Elder
Derley left Liverpool on the eighth of Sept on board
of the North American with 200 Saints I was inform
ed that Brother & Sister Benbow & all the Saints left
in good spirits I spent the night at Brother John Coles
19th I spent the day at Brother Coles in writing

20th I preached in the morning at Erooms Hill & also
communed with the Saints at 3 o'clock & also with
the Saints at Standly Hill at 6 o'clock & I had an
interesting day

Sept 22nd 1840

This hath been a busy day with me & after standing upon my feet from morning till night I am called to shake hands with hundreds of saints who possess glad hearts & cheerful countenances. & it is with no ordinary feelings that I meditate upon the cheering fact that a thousand souls have been Baptized into the New & Everlasting Covenant within half a year in one field which God has enabled me to open & I pray God to accept the gratitude of my heart for his mercies & blessings unto me in this thing & enable me to stand with these saints & all the righteous in the Celestial Kingdom of God. I walked home with Brother Oaky & spent the night & after standing upon my feet 8 hours in Conference, conversing much of the time, Ordaining about 30, confirming some, healing many that were sick, shaking hands with about 300 saints. Walking 2 miles, & Preaching 4 hours in the Chimney corner, I then lay down & dreamed of sketching fish.

22nd I spent the day at Mr. John Coles in writing. There was two dead Bodies carried by the house where I was sitting to the Burial to day they were both aged & the man very wicked he had often wished his wife dead & Boasted what a joyful time & high scrape he would have when she did die, she died on the 14th & he died in few hours after same day, was found dead in his room with his door locked, the woman was 90 years of age & the man 40 their names was James & Sarah Love this is the fourth day since they died the English custom is to keep the dead 4 days. I was called to visit a young man who lay dangerously ill & in danger of the Lock Jaw from a cut of the ankle & bruise of the knee I rebuked the inflammation & pain of his body & he was made whole. I Baptized 1 Edward Jones same keeper to John Freeman I confirmed 2. 41st 3m

23rd I wrote a letter to Elder Richardson. I was called to visit a young man who was dangerously ill with a fever he covenanted to keep the commandments of & I anointed him with oil & rebuked his fever & he began to recover. I also visited an aged Saint upon her dying bed I Blessed her & she rejoiced in the fulness of the gospel even

in Deceh I held a Prayer meeting with the Saints

flock + the Lord is delivering the flock out of
their hands the ministers of the church of England
see this + they are alarmed in earnest they are hold-
ing conventions + meetings to contrive schemes +
plans to overthrow + stop the work of God. In some
instances they do not have more than 10 or 15 persons
in their church on the Sabbath + they really begin to
think something strange is happening, Truth will prevail

25th I wrote an address to Elders McMillan
+ George A. Smith. As I was again about to take my
leave of the Saints in that region I called + visit-
ed several of them in the evening + I Baptized
2 + confirmed them + after visiting the
Saints until midnight I took the parting hand
with them + started my journey at 12 o'clock

26th I rode from Frooms Hill in the night in a horse
cart to Worcester 15 miles I there took coach + rode
40 miles to Wolverhampton, I took Omnibus + rode
2 to railroad station I then took railroad + rode
30 miles to Whitmore station I took Omnibus
+ rode to Hanley 9 miles I then took gig + rode to
Burslem 2 miles I thus after constant travel-
ing 14 hours 94 miles which cost 14/6 I was joyfully
received by the Saints in Burslem. + on my
arrival Sister Gordon put into my hands a letter
from Elders McMillan + Smith in London which
was interesting + also 7th + 9th Numbers of the
Times + Season from America which was a
treasure to my soul indeed as it was the first No
of that paper I had seen for many months

27th Sunday I walked from Burslem to Han-
ley + preached to the Saints + had an interesting
time I then walked to Hanley + preached +
communed with the Saints. I then walked to

Oct 17th *October 7th 1840* John Borley

I sat in Council with the Twelve & many other Saints at the Gray Office, we all attending a discussion in the evening held at the Carpenters Hall Garrett Road Manchester. A Mr. Borley attempted to prove the Book of Mormon false & water Baptism or Baptism by immersion not essential to salvation he was answered by Elder Corden who proved the Book of Mormon true & Baptism by immersion a gospel ordinance & essential to salvation. The discussion was before 1500 people. Elder Corden had the privilege of preaching to the people. 12 chimneys in the chandeliers ^{first on lighting in the evening}. I wrote a long letter containing two mammoth sheets giving an account of my travels from Montrose to the present time which I sent to Elders E. Robinson & D. C. Smith by the hand of Elder Samuel Mulliner.

8th I sat in Council with the Twelve at the house of Elder Richards & spent the day at highway. I received three letters from Herefordshire.

9th Father Peter Welling the patriarch of the Church in England bestowed a Patriarchal blessing upon my head & also upon the head of Br & Sister Richards.

10th I purchased a hat & traveling bag.

11th Sunday Sister Jennette Richards had a son born this morning 15 minutes past 10 o'clock. He was as large & fine a son as I ever saw. His name is Weber John Richards. Sister Richards is comfortable.

We attended meeting at the Carpenters Hall. Elder B. Young Preached in the morning. I dined at Br. Brewsters in the afternoon. We commenced with the Saints. Elder Kimball & myself confirmed 9 persons. We took tea with Sister Katherine Peters the Prophetess. Elder Young Preached at night in the Carpenters Hall to an attentive congregation of about 1500.

12th We commenced a letter Historical & religious to Elders Young, Kimball, Richards, Woodruff & A. Smith. Each of us a broad cloth cloak all made of one alike. I spent some time reading.

the proof sheet of the Book of Information. I bought
two pair of pantaloons. I spent the night at Br.
Migby's after taking supper at Br. Miller's.
The People are much stirred up in Manchester, they
will soon be persecution arise against the Gaiety
in this town, the work is progressing the servants
of God have preached in the streets, & the town
is warned & the Methodist Preachers are much stirring
up against it. They gathered together at a house
& sent for a young Brother, a Priest, by the name
of James Mahon who had the gift of tongues to
come & meet them & speak to them in Hebrew, & if he
did not speak to them correctly in Hebrew they
would rise up against the work & try to overthrow
it. They are watching for iniquity & trying to
stir up the people against the work of God.

13th I spent a part of the day in reading the proof sheet of the Book of Mormon I spent the night at Br. Richards in company with Elders Woolf & Kimball, I conversed much with Catherine the Prophetess

4th I parted with Brs Richards & Young & Simball
took coach & rode to Burslem, I met many of the
Saints at Br Johnsons I felt very unwell in
Body & much depressed in spirits in consequence of
the awful persecution & trials which is manifest
ing unto me daily by the power of God that is soon
to fall upon the heads of the Saints both in Europe
& America, Brother Samuel Hancock Priest came
to see me was some troubled in mind he had a vision
a few evenings before in the prayer meeting he saw much
war, & trouble among the Saints he saw a number
of the Elders & Priest in the potteries torn from their
families by press gangs, put in Irons, & forced to go
to war, for war was sore among the Nations
A number of others had similar views & many
of the Saints at the present time feel a great war

Address

15th I arose refreshed by sleep but ~~had~~ ^{had} a wait

upon my mind, which has been upon me for many days the spirit of which manifests great trouble & persecutions of the Saints in general, throughout Europe & America & that many will fall away, that the U S A will rise against the church & that they will be driven from where they are & that great trouble awaits the world universally. I had a long conversation with Catherine the prophetess upon these things while in Manchester. She spoke of many things past & to come, & among the many things she says Br J. Smith & with his counsellors are on their way to England & will be here soon. She says my family suffer the most for clothing or any thing at present. She says my wife has many sorrowful hours & sighs much in my absences. I heard a letter read while in Manchester from Doctor Foster to O. Pratt which contained many important items he speaks of some of the prophecies of Joseph concerning the building of the house of the Lord in Nauvoo many trials of the Saints perils among false brethren &c. I speak of these things because there are many testimonies in Europe & America touching the perils which are at the door.

I parted with the Saints in Berslem & walked with Brs Bradbury & Vernon to Hamt called upon Br Taylor & others. walked to Stoke dined with Elder Rowley & friends then walked to Lane End found some Saints morning because of the troubles which God had manifested unto them was at the door. I held a prayer meeting with the Saints Elder Cordon was present. I exhorted the Saints to trust in the Lord & not in man then if any of the Saints or Elders denied the faith they need not fall with them for any man denying the Lord does not deny a commandment of God nor any true principle. 4th were Baptized while I was in the Potteries. I spent the night at Elder Whittakers distance of the day & mile. I had an interview with Sister Eliza Bromley during the afternoon, & she related to me the following vision which she had on the 9th inst.

Lane End Staffordshire Oct 4th 1840

At one o'clock at noon there came a deep sleep upon me & I slept one hour. I was awake with a hand touching me I looked around me & saw one a personage standing by the side of me clothed in linen his

face had the appearance of much meekness love & light I said Oh, he said fear not he came & touched me with his hand then fear departed from me I said both the Lord love me so much, he said it is thy faith in the servants of the God of heaven. Though hast clothed the Naked & fed the hungry & the God of heaven will feed thee forever & forever & the desire of thy heart shall be granted thee in Gods own time. No weapon shall prosper against thee for thou art sealed up unto the Lord. think it not strange when you see many fall away & some of the Elders of this Church for the scriptures must be fulfilled many are called but few are chosen thou hast desired to see this day, & when thou goest to thine inheritants I will go with thee & take care of thee. one thing I say unto thee. thou must not think because some will fall away from their steadfastness that they were not called to their office. Some have desired their office & some will fall by their desires, see thou desire no one thing but that which is good. thee from the father if the Father gives a desire there will be the assurance of the gift. & as desire increases there will be the greater love to the servants of God this is the mark the servants of God have to go by & is a mark Satan cannot give. be patient in all things & humble in thy walk before the world & the Lord will make thee a blessing to thy friends & enemies thy tears have come up before the Lord & are more in number than thine enemies, thy tears shall condemn many if they do not repent. Love all thy enemies as Christ loveth thee for this is the Law of God, & I arose up & said I will. & he smiled & seemed as though he was going away I said tell me something els before you go. he smiled & said keep these from the world, I said must I not tell no one? he said thou wilt know by the spirit of God that is within thee who to tell thou hast asked for wisdom & it will be given thee he turned around from me & a greater light overshadowed me & he disappeared.

+ she was healed. I visited a Mr. Parrott who was sick but he had an evil spirit in him that rejected the truth + I did not lay hands upon him. I preached at night at Br. Joseph Tate 24 Park St Birmingham this is the first time that I have preached in Birmingham there is 4 saints in Birmingham sever others are ready for Baptism there will be a speedy work in that town through the mercy of God + the labour of Elder Cordon I spent the night at Br. 17th I took the rail cars in Birmingham at 10 o'clock + arrived in the City of London at 3^{1/2} P.M. being 113 miles in 5^{1/2} hours. I took ~~the~~ the omnibus + rode to 52 Ironmonger row, St. Lukes, London at Br. Corners house here I found Elder G. A. Smith we were glad to once more meet with each other we hired lodgings + sitting room at R. Morfan 40 Ironmonger row St. Lukes we have to pay very high for every thing here in the City of London lodgings, board + sittings + every thing els with the greatest prudence we cannot get along much short of a pound per week each person + what few saints there are at present in this City are very poor + not able to assist us at present but I trust in the Word to soon open a door in this City whereby the cause of God can roll forth but it certainly is the darkest prospect all things considered of any place I have been in since I have been in the vineyard but the Word is with us + we are not discouraged

18th Sunday we met with the saints at Br. Corners three times read in the Book of Mormon gave instruction + broke bread onto them we had a good time though there was only about half a dozen present + I felt the spirit of God bear testimony that there would be a work in London. we retired to rest in good season + I felt well in my mind + slept until 12 at night I awoke + meditated upon the things of God until near 3 o'clock + while forming a determination to warn the people in London + overcome the powers of darkness by the assistance of God's A person appeared unto me which I considered was the Prince of Darkness or the Devil he made war with me + attempted to take my life. he caught me by the throat + choked me nearly to death. he wounded me in my forehead I also wounded him in a number of places in the head as he was about to overcome me I prayed to the father in the name of Jesus for help I then had power over him + he left me though much wounded 3 personages dressed in white came to me + prayed with

me + I was immediately healed + delivered me from all my troubles

19th I wrote two letters one to Elder Richard + the other to Elder Kingston I spent several hours in visiting the British Museum the account of which is as follows A Visit to the

BRITISH MUSEUM

London Oct 19th 1840. In company with Elder G. A. Smith I purchased a Book from which I make an extract of the following SYNOPSIS of the contents of the BRITISH MUSEUM FOR THE SECOND EDITION London 1840

The foundation of the British Museum originated with the will of Sir Hans Sloane, who accumulated, in addition to a considerable Library of Books & Manuscripts, the largest collections of objects of natural history & works of art of his time. These he directed should be offered after his death, which took place in 1753, to Parliament. The offer was accepted: & the Act of 26 Geo. II., which directed the purchase, also directed the purchase of the Harleian Library of Manuscripts & enacted that the Cottonian Library which had been given to the Government for public use in the reign of Will. III., should, with these, form one General Collection.

In the Spring of 1754 the mansion in Great Russell Street, then known as Montagu House, was purchased as a repository for the whole. Between 1755 & 1759 the different collections were removed into it, & it was determined that the new institution should bear the name of BRITISH MUSEUM. Till the arrival of the Egyptian Antiquities from Alexandria in 1801

Montagu House was competent to the reception of all its acquisitions. The Egyptian Monuments, most of them too massive a character for the floors of a private dwelling, first suggested the necessity of an additional building, rendered still more indispensable by the purchase of the Townley Marbles in 1805. A Gallery adequate to the reception of both was completed in 1807 after which, although the Trustees meditated, & had

plans drawn for new buildings, none were undertaken till 1723, when, upon the donation from his Majesty King George IV. of the Library collected by King George III., the Government ordered drawings to be prepared for the erection of an entire Museum a portion of one wing of which was to be occupied by the recently acquired Library. This wing on the Eastern side of the then Northern, & a part of the Western compartment of a projected Square have been since completed. The Townly Gallery at present joins on to the corner of the Western compartment & Montragu House, the old building of the Museum continued to form the general front. On entering the Gate of the Museum from Great-Russel Street, a quadrangle presents itself, with an Ionic colonnade on the South side, & the main building on the North the side buildings being allotted for the dwellings of the officers. The house itself measures two hundred & sixteen feet in length, & fifty seven in height to the top of the cornice. The architect, Peter Pufer, a native of Marsailles, & an artist of the first eminence in his time, was sent over from Paris by Ralph, first Duke of Montagu, for the sole purpose of conserving this splendid mansion. It was the repetition of a building first designed in 1674 by Dr. Hook, which was destroyed by fire in 1646. I again visited this Museum & went through every apartment of it on the 9th of Dec in company with Elders B. Young & H. C. Kimball. The foregoing account of this Museum is owing to its origin, they have continued to build & add thereto until it covers or surrounds five acres of ground, & it now contains a vast number of rooms sum of them several hundred feet in length, & this Museum now contains the greatest variety of curiosities of every kind name & nature Ancient & Modern consisting of all Natural History, Beasts, Fowl, Birds, Fish, Serpents, ores, minerals, Antiquities, of all nations, sculptures, Mummies, hieroglyphics & Papyrus. Though I felt interested in a visit to every apartment of this Museum which is considered the greatest collection in the world & open to the free inspection of the publick, yet I felt the more deeply interested in that Part called the Gallery of Antiquities especially the Egyptian. The Antiquities consists mostly of Greek, Roman Jewish & Egyptian. & some British, Among the vast

number of sculptures, was Nero, Trajan
The god Ammon, Shakespere, Hercules, Apollo,
Thalia, Diana, Domitia, Homer, Minerva, &
hundreds of others. An article called the
Portland Vase is the choicest article of any
one thing among the Antiquities as it is the only
thing of the kind known in the world. This cele-
brated Barberini Vase was more than two centuries
the principal ornament of the Barberini Palace
it was found about the middle of the sixteenth
century two miles & half from Rome in the road
leading from Frascati. The materi of which
the vase is formed is glass, the figures which are
executed in relief are of a beautiful opales white
& the ground is in perfect harmony with the figures
& of a dark transparent blue. This superb specimen
of Greek art was deposited in the British Museum
in 1710 by the Duke of Portland. Among the
Egyptian Antiquities is a large number of Tomb
coffins, mummies, Hieroglyphics & Papyri enough
if translated into the English language to make
one hundred volumes as large as the Bible. I felt
more interested in this part than any thing I
saw as they were from three to four thousand
years of age. I would no doubt if translated
have revealed many glorious things sacred &
historical concerning the early ages of the world
Abram & the Prophets &c. Having formed an
intimate acquaintance with one of the over-
seers of the gallery of Antiquities, He explained
many things to us concerning these things
which were interesting unto us. We saw a
Tomb said to be that of Alexander the
great, & among many thousands of other things
was Napoleon Bonaparte private snuff box
which cost 300 guineas. A piece of the Tower
of Babel, many lamps from Babylon, & many
relics from the ruins of Herculaneum &
Pompeii. Many articles in Bronze, Roman
Lamps, dice & tali, stamps, for sealing tasks,
Roman weights, Mirrors with engravings,
Celts, Bracelets, cups of crystal, agate &c
Hinges & nails, Brooches, Buckles, locks & keys
Spears & knives, Bits, spurs, ornaments for harness
fragments of chains. A Bronze statue of Nero
when he was young. Though some of these are
very ancient they do not vary much in shape from

those now in use, Many Antiquities + Greek
inscriptions from Athens, And almost an endless
variety of articles from all of the Ancient Cities
of Greece, Rome, Egypt, + Jerusalem,

Oct 20th I wrote 5 letters one to O. Pratt
to E. Bromley. to J. Whittaker. to W. Young & Kimball.
to D. Browett, I spent the day in writing in our
sitting room

21st I wrote two letters one to Elder
John Cheese & the other to Edward Oakley after
which I took an interesting walk ~~into~~ through
the City of London in company with Elder
G. A. Smith we walked from St. Lukes to
Nassau St Middlesex Hospital we called upon
Mr B. SANGUORANT Sculptor & Modeller
No 23 Nassau Street Middlesex Hospital, whose
wife was the daughter of David W. Rogers
of New York late of Montrose she inquired
much about her father's family they treated
us kindly. he is an Italian, he was an officer
under Murat of Naples but fled from his
country with many other Neapolitan Officers
at the time Murat was Deposed, after taking
some refreshment with them we walked
through REGENT Street which for wealth
splendor & magnificence is not surpassed in
London & probably not in the world, panes
of glass in this street may be found about 10
feet in width & 20 in height & it would be
impossible to describe the richness splendor &
cost of the merchandise of our native nation
through this street, we then called upon
Mr James Nicholson near Saint James Palace
we passed through St James Park had a view
of many of the Palaces of the Royal family
we walked around Buckingham Palace, we saw
the Iron Gates leading from St James Park
into High Park they were each 10 feet wide
25 in height 4 or 6 inches in thickness, when
shut together would make them about 20
feet in width we visited High Park & saw
a large cast Iron monument containing the
following inscription TO ARTHUR DUKE OF
Wellington And his brave Companions in Arms
This Statue of Achilles cast from Cannon
taken in the victories of Salamanca Vittori
Toulouse And Waterloo Erected the 14th day
of June 1822. on our return home we called
at the Tower Bazaar, 35, West Strand

persons The only Subterraneous exhibition in

London we returned home & held a prayer
meeting at Father Corners 52 Ironmonger Row
St. Lukes London Distance of the way 10 miles

22 I wrote a letter to Brother Thomas
Clark. We hired Mr. J. Barretts Academy
517, King ~~Street~~ Square Goswall Street
(the entrance door in President Street for three
months to preach in. I went to the printer
& got 500 hand bills published which cost
me 14 this to give notice of our meeting
on my return from the office Elder Smith
presented me with three ~~100~~ letters to read &
also the No 10 of the Times & Seasons one
letter was from Elder Richards & one from Father
John Smith to his son George A. & while reading
it I was informed that my daughter Sarah &
Emma Woodruff was DEAD this is the first
information I have had of it. At the Lord
comfort her mother in her afflictions, & preserve
her life & health & her son for my sake,
I wrote two letters one to Brother Francis
Pullin & one to Elder Samuel Warren

In the evening in company with Elder
G. A. Smith I attended a Missionary meeting of
the Wesleyan Methodists in the Wesleyan City
Road ~~Chapel~~ ^{Wesleyan} Chapel London I was considered
one of the greatest missionary meetings ever held
in the City of London the chair was occupied
by the LORD MAYOR of the City of London
He was a noble looking man, his watch sword on
consisted of six gold chains which were large
& heavy. The object of this meeting was for the
Wesleyan Methodist to send out foreign missionaries
& to make collections enough to clear themselves of
a debt of £50000. the most splendid talents of
Europe were gathered together on this occasion Ministers
of the Church of Scotland, of England & of the
Wesleyans were present in large numbers, the mee-
ting opened early & continued until after 10 o'clock.
There was much policy manifest in this
combination of ministers & power of the different
churches for the purpose of gathering collections I
heard speeches from 10 or 12 Ministers, one
scotch Minister says as he arose & addressed the
chairman & meeting My Lord & Wesleyan

friends let my tongue cleave to the roof of my
mouth + my right hand forget her darning
when I will not take a Wesleyan by the hand
+ call him Brother. A Church Minister says
My Lord + Wesleyan friends, I wish you
while looking at the Church of England to cover
her imperfections with the cloak of charity
+ while observing the Church of Scotland to
do the same & I would readily cover the imper-
fections of the Wesleyan Society but I know
not where they are, I would not hesitate to cover
the imperfections of the Church of Rome was it
in my power but they are all scarlet. A
Wesleyan arose viz. Mr Robert Young of
The Green Street ^{Chapel} ~~Street~~ + says. We are
highly favored on this occasion by having for
our Chairman the Lord Mayor of London the
chief magistrate of the most renowned city in the
world & My Lordship has like Cesar submitted
himself to the worship + acknowledgement of
Christ, in this condescension, but when rightly
considered is not my Lordship as highly honored in
presiding over this vast body of respectable citizens
this evening who have met together on so important
an occasion as he would be to reign upon a
Throne for the Angel in heaven honour every
effort that is made on earth for the spread of the
gospel + the saving of the souls of men. My
Lord + Christian friends, how did the Ancient
Apostles prevail, they were illiterate & unlearned
men, they had neither money nor influence their
doctrines were unpopular, yet they established
the gospel, maintained the doctrine of Christ +
caused the Nations to tremble, yet this was all by
the power of God + not of man. My Lord our
circumstances are different from theirs, we
have influence + wealth, we have splendid
chapels + respectable bodies + our numbers are
many, yet if God is not with us we cannot
prevail. (I shouted Amen) My Lord + Christian
friends two things are necessary to accomplish
the object of this meeting viz the spirit of God
within us & a collection of money without
sufficient to pay off our Church Debt + send
missionaries abroad &c. Thus speech after
speech was made untill 10 o'clock when a collection
was taken up After which the

Oct 23^d 1840

Lord Mayor of London arose & addressed a crowded assembly of about 3000 persons in the City Road Chapel (which was the first Chapel ever built by Mr John Wesley) the Lord Mayor says It is with pleasure that I have been permitted to preside over this respectable body this evening on so important occasion the memory of which will be indelibly fixed upon my mind as one of the most pleasing events of my life, & I trust I shall ever be as ready to perform every duty required of me by the Citizens of London as I have been to meet with our Wesleyan friends this evening. The house rung with applause, & the congregation dispersed the Lord Mayor was conveyed to his Mansion in his private carriage drawn by two steeds whose harness decorated with gold & silver which were flashing in the sable shades of night.

But in the midst of all this scenery who can imagine in my feelings none but those placed in like circumstances though I had a mission & a message to the Inhabitants of London & stood in their midst ready to deliver it as soon as God opened my way yet I was as little unknown by them, as Jonah was to the Citizens of Nineveh while in the whales Belly & I clearly saw & realized that notwithstanding this great display of talent, power & policy to send missionaries to the heathen they as much need an humble messenger of God to teach them the first Principles of the Gospel of Jesus Christ as Nineveh did a Prophet to cry repentance unto them, I retired home alone meditating upon the signs of the Present generation.

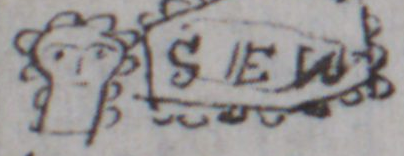

23^d I received two letters one from Sister Sarah Foss & the other from Brother H. S. Carter. I was truly glad to hear from our Maine friends. We wrote 3 letters one to A. Gordon, one to G. Simpson & one to W. Richards signed Woodruff & Smith.

24th We wrote a lengthy & lengthy letter jointly to Elder Elias Smith. I spent a part of the day in dictating & passing up our hand bills which contained the following inscriptions "He that judgeth a matter before he heareth is not wise" The Latter Day Saints meet for public worship at Mr J. Barrett's Academy 57, King Square, Goswell Road.

25th Sunday we for the first time preached
in J Barretts Academy at which place we met
about 50 persons at 3 o'clock & I preached unto
them Elder Smith preached in the evening, but it
is the hardest matter to awaken an interest upon
the subject of any place I ever visited after meeting
I walked about 5 miles before I retired to rest, I had a
pleasure in a dream about catching fish & eating fish.

26th  We obtained a package of
seven letters, one to H. Kimball from J. Taylor on
the Isle of Man. one from father John Smith & one
Elias Smith & one from Elder O. Pratt directed
to George A. Smith. & one from Hiram Clark or
from Phebe W. Woodruff & Albert Pett & one from
sister Marydett Smoot directed to W. Woodruff
the letter from Phebe & sister Smoot gave an
account of the death & burial of our oldest child
SARAH EMMA. who died July 17th 1840
being two years & three days old The following
is an extract from sister M. Smoots letter
To the memory of Sarah Emma Woodruff who
died July 17th AD 1840

Thus the Iron hand of Death
Laid heavy on & stoped the breath
Of one who lived but to Begeile
Our moments as if with a smile
Beloved she lived beloved she Died
Her fathers Joy & mothers Pride
Beloved of all who did her see
Dear & more beloved by me

There was no bell here to toll
But many a briny tear did fall
With look our own hearts did tell
Little Sarah Dear Farewell
Yes little Sarah lovely one
Sleep on sleep on, till Christ shall come
When thou wilt rise shake of the dust
And be numbered with the just

Brother Woodruff except of this piece of composition from one who had every feeling but that of a parent for your departed Sarah.

Phoebe's letter was dated July 17th 1940

The following is an extract

My Dear Willford, what will be your feelings, when I say that yesterday I was called to witness the departure of our little Sarah Emma from this world, yes she is gone the relentless hand of death has snatched her from my embrace - but Ah! she was too loved, too kind, too affectionate, to live in this wicked world when looking on her I have often thought how I should feel to part with her I thought I could not live without her especially in the absence of my companion. But she has gone the Lord hath taken her home to himself for some wise purpose, it is a trial to me, but the Lord hath stood by me in a wonderful manner I can see & feel & that he has taken her home & will take better care of her than I possibly could for a little while until I shall go & meet her yes Willford we have one little Angel in heaven & I think it likely her spirit has visited you before this time. It is hard living without her she used to call her poor PaPa & pretty Papa many times in a day she left a kiss for her papa with me just before she died. She sat her dinner as well as usual Thursday was taken about 4 o'clock with a preseness for breth the Elders laid hands upon her & anointed her a number of times, but the next day her spirit took its flight from this to another world with out a groan. To day Willford & I with quite a number of friends accompanying us came over to Commerce to pay our last respects to our little darling in seeing her decently buried she had no relative to follow her to the grave or to shed a tear for her but her Ma & little Willford & I have just been to take a pleasing melancholy walk to Sarah's grave, she lies alone in peace. I can say that the Lord gave & the Lord hath taken away & Blessed be the name of the LORD

NOV 1st Sunday It seems to be a hard matter
to establish the truth in the City of London
there is so much going in the city to draw the
attention of the people that it almost requires
a trump to be blown from heaven in order
to awaken the attention of the people to
the subject of the fulness of the gospel I
frequently think of Pauls perils in the city, there
was a great difference between Paul who was
without purse or scrip & the Pharisees who had the
large reward for divining so it is with us in trying
to warn London without purse or scrip still we
have to pay high for all we eat, drink, sleep, room,
fire, candles & a room to warn the people in so.
& we are out of money but still we feel to put
our trust in God, The Sectarians still have their Salaries

Nov 2nd 1840

We also saw Napolian Bonapartes private snuff Box which cost 300 guineas. We saw the Tomb of Alexander the great. The head of Nero & Trojan the God Ammon. temporal things. Elder Wm C Clark says do not
trouble yourself about Phebe + little willford for they
shall not want any thing that I can bestow & may
God hold it as an everlasting covenant between me +
thee. He further says the temporal state of the

Funeral in Saint Luke's Church, here the parson read
a funeral ceremony which was solemn, + he commi-
tted the body to the tomb with the fullest assurance
that she would arise in the first resurrection +

T. Kingston. one from S. Johnson. & they were full of
interest. Elders Kimball & O. Pratt both inform me
of the death of Father Joseph Smith Sen. He was the
first patriarch in the Church of Latter Day Saints
but he is gone & sleeps in peace so our fathers
fall asleep. Elder Kingston speaks of a letter he or
the saints sent me on the 24th Oct containing \$2
which is lost. I went to the general post office
in London to inquire about the lost letter & the post-
master took the matter in hand & said he would
trace it out. I wrote a letter to Elder Kingston -
I wrote one to Elder Brewster & ONE very lengthy
one to Father & Mother Carter giving an account
of all things in this country. This is the day
that the Lord Mayor of London is sworn into
his office or takes the oath. it is called Lord
Mayors Show it is a great day in London. The
Lord Mayor is taken in a golden carriage at his man-
sion & drawn through the streets to Blackfriars
Bridge he there takes water lands at Westminster
Abbey takes the oath & returns same way to his
mansion. the streets have to be cleared of
all kind of vehicles until the procession passes
by I saw the procession pass with the golden
carriage being two in No drawn by six horses and
covered with gold. Elder W. Richards infor-
med me that it was the council of the Twelve for
Elder Smith to come immediately to the potter
churches to counsel them & spend some time
with them as there was only about work enough
for one in London so he is making preparation to
start early in the morning there are very things
I am informed the Unitarians are beginning to
embrace the work considerably

London City, crossed the bridge & visited
Mr. Allgood's family they had been quite sick
but were much better. I wrote Br. Armitage
a letter & also Elder G. A. Smith, I feel
a little lonely here in London since Br.
Smith left me though not because there
is not people enough in London for there
is plenty but a person is placed in a great
variety of circumstances that is travelling
in the world as we are, I preached at night

him as I was not looking for any one he

Brewett. We took a walk to London Bridge

day & they think there is nothing worse than a
rainy day in London. On our return home
we found the people flying into great confusion in
consequence of a visit from a country cow
who had never been in London before & did not
understand the Law or custom of the City
& she began to chase the people & when I saw
her men woman & children were running for
their lives & the cow at chase heels & just before
she got to us she drove one man through a door

are several parties belonging to her society
this party that spoke call themselves the
ten tribes of Israel they gather to England
which they consider the promised land they
wear long beards & circumcise keep the law
of Moses & omit the first principles of the
gospel Baptism &c they are the only ones that
will have a body like Christ - Abraham all the prophets
& Apostles will have a body inferior to theirs &
will inherit a celestial Kingdom, while
they say they will inherit the kingdom of God which
they consider a far greater than the celestia
l & that have many things to foolish & inconsi

I called into an auction store where they were
selling penknives, watches, time pieces, which to
outward appearance were very cheap but when
closely examined it was found that were made
on purpose for the auction sale, & the manner
the Cockneys of London, Hawkers, would cheat
men before their eyes is a caution to Frankies
- my wife & I went to the office & on my return to the

27th I wrote a letter to Br John Taylor at Hants
I spent several hours in looking over the London
papers of 27th from which I glean the following
Items, The River Seine risen to five metres, in France
A Law is voted by the Chambers of France to
appropriate 1000000 francs for the reestablishing
ment of the communications destroyed by the
late flood & also 500000 to be divided amongst the
sufferers of the inundations of the Saone and
Rhone, the country around Paris is flooded & the
lower parts of the city inundated. The floods
& inundations of France of late has been dreadful
& loss of property immense, I was informed
one River was turned entirely out of its course &
a stone found in the bed of the River bearing
the following inscription (He that findeth me shall
weep) Several Earthquakes of late in the
Ionian Islands many persons have perished,
The Jews & Christians in Jerusalem have not
the privilege of gathering there own taxes, A man
that lately visited Jerusalem says there is
7000 Jews there but much persecuted 6m

24th this is a gloomy day in London especially
to me, for the whole city is enveloped in one of
the most dreary November fogs, which makes
the air so dark & heavy that a person can scarcely
see a rod in the streets at mid day.
I again had an interview with Josiah W. Wallcut
44 Church Street, Mile End New town White Chap
& he clearly manifested his true character &
the spirit he was of. I lent him the Book of
Mormon & he has read it several days watching
for iniquity. He informed me he should publish
against it. I told him if he wished to do so to go
ahead as soon as he pleased. I found his argu-
ments against it were weak which hath been the
case with all men that have attacked it. I walked
out to see some of my friends in the afternoon
& I found the fog to be cold & chilly. I felt lones-
ome in the evening. I have been in my room alone ever
since Elder Smith left me without any company as
it were. I received a letter to day from Lorenzo
Snow in Birmingham.

29th Sunday  I preached twice Baptized
& confirmed three & communed with the Saints

I wrote 2 letters one to O Pratt & one to B. Young

walk with Doctor Copeland through every appa-
riment of the College of Surgeons at Lincolns
Infields which was truly interesting. I again
visited the same on the 7th day of Dec in company
with Doctor Copeland and Elders B. Young
& H. C. Kimball, & went through every apartment
of it and was much interested see Dec 7th 1840

A visit to the College of Surgeons At Lincolns Infields Dec 7th 1840 London

5 feet 4 inches in height when alive, there
were others of large stature The joining room

whole Human Bodies & Frames in various stages
of states. Some bodies were whole & embalmed one

the greatest pains & care, parts of the body such
as the hand & foot so were in a prepared state with

ed five small children born at one birth but
without life. There were some peculiar
preparations both of natural History & the Human
system by injecting quick silver into the finest
fibres of the body, which were all for the
purpose of giving Surgeons a knowledge of every
part of the system, which was quite interesting
to an person feeling interested in the subject of
Surgery

A Visit to the Tower of LONDON

I visited the Tower of London on the 3^d of Dec in company with Elders B. Young & H. C. Kimball. The following are short extracts from the History of the TOWER OF LONDON

The Tower is situated on the east side of the city, about eight hundred yards from London bridge near the bank of the River Thames. This impressive edifice, at first consisted of no more than what at present is called the White Tower, and without any authority, has been reported to have been built by JULIUS CAESAR, though there is the strongest evidence of its being marked out, and a part of it first erected by William the Conqueror, in the year - 1078 * * * It contains three Batteries, the first is called the Devils Battery, second Stone Battery, third wooden Battery mounted with Cannon. * * *

The Tower was a Palace during five hundred years, and only ceased to be so on the accession of Queen Elizabeth. Here observes Mr Pennant, "fell the meek usurper Henry VI. by the dagger of the profligate Gloucester. Here full of horrors died by the hands of hired ruffians, the unsteady Clarence. who can read without shuddering his dreadful dream, which shakes fear makes him relate to the Lieutenant; (Richard III. Act 1. Scene 4th) And here the sweet innocents Edward VI. and his brother the Duke of York fell victims to the violent ambition of their remorseless uncle."

The Principal buildings are the Church, the White Tower, Governors House the Bloody Tower, the Offices of Ordnance of the keepers of the Records, the Jewel Office the Hobs Armoury, Queen Elizabeth's Armoury

the Grand Store House in which is the small
Arm Armoury, the train of Artillery, and the
tent room; the New Store House, wherein are
three Store Rooms. Houses for the chief and inferior
Officers, the Mess House for the Officers of
the Garrison, and the Barracks, for the Soldiers. In
addition to these there is a street called the Mint
which includes nearly one third part of the Tower.
The principal part of the houses were formerly in-
habited by the Officers employed in the coinage, but now
principally by the Military, Government having erect-
ed a vast extensive and majestic structure to the north
of Little Tower Hill, for the business of the Mint
department, with houses for those officers.

The Grand Storehouse is north
of the white Tower, a fine building of brick and hewn
stones; it extends in length 345 feet, and is 60 feet
broad, it was commenced by James II. and finished
by William III. On the first floor of this edifice
is that magnificent room called the small Armoury,
in which he, with Queen Mary his consort, dined in
great state having all the warrent-workmen and
labourers to attend them, dressed in white clothes &
aprons.

THE HORSE ARMOURY.

Here in one spacious room, 150 feet by 33 are
arranged in regular and chronological order, no less
a number than twenty two equestrian figures,
comprising many of the most celebrated kings of
England accompanied by their favorite Lords
and men of rank, all of them, together with their
horses in the armour of the respective periods when
they flourished, many, indeed, in the identical suits
in which they appeared while living. Along the
centre of the ceiling immediately over each figure
is a gothic arch in the centre of which is suspended
a banner which in gold letters on both sides, expres-
ses the name, rank, and date of existence of the
personage represented. The horses stand, mounted
by their riders, almost without any visible sup-
port on a floor of brick raised a little from the ad-
joining boarded flooring which is appropriated to the
spectators.

III. EDWARD I. King of

England AD 1272. The armour of this figure consists
of the hauberk and its sleeves of mail, the hood & cha-
sses of the same material. This monarch is represent-
ed in the act of sheathing his sword. 2 HENRY VI.
King of England AD 1450 This plate armour is of the

most beautiful form, particularly the back plate, which, like that of the breast is made of several pieces to be flexible. & & & the saddle of bone work is particularly curious.

3. Edward IV. King of England

AD. 1465. This is a complete suit of tournament armour, finished with the additional pieces termed grand guard, volant-piece and pard-de-bras, & &

4. Henry VII. King of England

AD. 1504. This is a fluted suit of elegant form probably of German manufacture

5. Henry VIII. King of England AD.

1520. This monarch appears in a suit of plate armour gilt. & It is impossible to give a just summary of this prince's qualities, he was so different from himself in the several periods of his life. & In his youth he was sincere, open, gallant, and liberal; in his more advanced years, he became rapacious, arbitrary, violent, superstitious, obstinate, unjust, and cruel. He had six wives. After he had been married 20 years to the first, he grew weary of her and from a pretended scruple of conscience, put her away. His second wife, the incomparable Queen Ann Boleyn, mother of Queen Elizabeth, he beheaded upon slight ground of jealousy. He was weary of the third as soon as soon as he was married to her. The immediate death of the fourth, perhaps prevented an untimely one. The fifth was beheaded as her predecessor Queen Ann was, though less innocent than Queen Ann of the crime for which she suffered. The sixth Queen Catherine Parr was a most religious lady, and was so able a christian, that she had nearly disputed her head off. Had the King lived a little longer he would probably have made a new choice. But he died January 24. 1547, after a reign 37 years and 9 months, and in the 56th years of his age.

6. Charles Brandon, Duke of Suffolk

1520. He also is represented in plate armour.

7. Edward Clinton Earl of Lincoln

AD 1535. This nobleman's armour is very elegantly gilt, and his right hand rests on a mace. He wears a long fluted sword.

8. Edward VI. King of England

AD 1552. This figure is particularly deserving of notice both on account of its armour, which is what was termed russet and gilt in the most curious manner throughout, & also for the fine attitude in which it is placed. (Turn over 5 leaves continued)

about seventeen hands high & well proportioned

which were 150 in number which were kept
in the most perfect order for the Queens use

all the Harness for 150 horses, we saw the full
set of State Harness sufficient for eight
horses, which were for ~~the~~ of the cream colored
Hanoverians, which were made by order of George
the IV. they were covered with gold plate harness

harness was very expensive containing much plate

The Carriage & Body of the Coach is composed as follows:—Of four large Tritons who support the body by four braces covered with blue morocco leather and ornamented with gilt buckles. The two figures placed in front of the carriage bear the Driver and are represented in the action of drawing by cables extending round their shoulders and the cranes, and sounding shells to announce the approach of the Monarch of the Ocean: and those at the back carry the Imperial Banners, topped with tridents. The Driver's Foot-Board is a large scallop shell, ornamented by bunches of reeds & other marine plants. The Pole represents a bundle of Maces; the Splinter Bar is composed of a rich moulding issuing from beneath a voluted shell & each end terminating in the head of a Dolphin; and the wheels are imitated from those of the ancient triumphal chariot. The Body of the Coach is composed of Eight palm Trees, which branching out at the top sustain the roof, and four angular trees are loaded with trophies allusive to the victories obtained by Great Britain during the late glorious war, supported by four lions' heads. On the Centre of the Roof stand three boys, representing the Genii of England;

Scotland & Ireland, supporting the Imperial
Crown of Great Britain, and holding in their
hands the Sceptre, Sword of State, and ensigns
of Knighthood their bodies are adorned with festoons
of laurels, which fall from thence towards the
four corners. The inside of the Body is—
lined with rich scarlet embossed velvet, superbly
laced and embroidered with gold as follows: In
the Centre of the Roof is the Star, encircled by the
Collar of the Order of the Garter and surmount-
ed by the Imperial Crown of Great Britain, pendent

Shamrock, and Thistle entwined. The hind Lounge

materials. The Harness for Eight Horses is made
of red morocco leather, & decorated with blue rib-
bons, the Royal Arms & other ornaments richly pile-
d and it is used when Her Majesty goes in state,
drawn by Eight Cream-coloured horses and is kept
in the Royal News Pimlico.

The foregoing is taken from a printed hand bill presen-
ted me by one of the overseers of the News, who
also informed me that one piece of cloth or trimming
belonging to the Coach cost £1000 pounds, the whole
cost of the Coach cannot be ascertained but it
is an immense sum. The first story of the News
is occupied by Horses, Harness & Coaches,
the second stories are occupied by the families
of the Coachmen, & waiters of all description,
Mr James West, Her Majesty's State Coachman,
invited us to dine with him and we accepted the
invitation. We saw all of his state dresses which
were richly trimmed & ornamented with gold
one coat was exceeding heavy in consequence of
the weight of gold it contained. When we left
him he made us a present of three small orna-
ments just alike for B. Young, H. C. Kimball & W-
Woodruff, it was composed of fine polished brass
about four inches in circumference a lion in the
centre & a crown upon the top they were worn
as ornaments upon the Queens State Coach.

We walked from this Mews to the National gallery
+ after visiting all the paintings we returned
home, somewhat weary after a long walk in a rainy
day in London - distance of the day 10 miles
The state coachman informed me that her Majesty
would be quite familiar + even sociable in
many respects, with some of her subjects but
was kept distant by her Ministry 10 m

Dec 9th We had a long pleasant day's walk this
day Elders Young Kimball + myself started from
No 40 Ironmonger Row St Lukes London in the
morning + walked to St Pauls Church + now with
standing I had been over most parts of it before
yet on this occasion we went together through every
part we first visited the body of the Cathedral
Dec 4th 24th I gave a description of this
Cathedral, but in some respects it was incorrect
being wrongly informed upon the subject, I
make a few extracts from a printed descrip-
tion of the church, which I purchased while
passing through, St. Peter's at Rome
was 145 years in building under twelve
successive architects. But this building
was completed in forty years under the superin-
tendence of one architect, Sir Christopher Wren
under the direction of one principal mason, Mr
Strong &c. The whole expens of erect-
ing this edifice amounted £1, 564, 474. 14 6
in addition to which the stone and iron enlogure
(which was cast at Lambethurst, Kent) which
surrounds the building, cost £11, 202. 9 6
total £1, 576, 076. 15, about \$5, 440, 340
This sum was raised by a small tax on coal
imported into London.

In the South west transept
is a noble staircase, by which the ascent is made to
the top. The number of steps, from the floor to
the whispering gallery is 240; including those
to the golden gallery, 534; + to the ball, the whole
number is 616.

A communication from this staircase
leads the visitor, first to the Library, where many
most rare + valuable works are preserved.

The flooring is remarkable, being most artfully inlaid without nail or peg it contains 2376 Pieces, like the framing of a billiard table. In this room is an apartment of Bishop Compton under whom this Cathedral was built.

The next is a very curious Geometrical Staircase, being the first ever made in England it has ninety steps, all supported by the bottom step.

The great Bell is in a turret above and the weight is 11, 474. lbs; the clapper weighs 140 lbs the diameter of the bell is ten feet, & the thickness ten inches. The hour of the clock strikes upon this bell, & the quarters strikes on two smaller ones beneath. The length of the minute hand is 9 ^{feet} ^{inch} ₅

And the weight . . . 75 lbs

The length of the hour hand . . . 5 9

The weight . . . 44 lbs

The circumference of the clock's face . . 57 0

The length of the hour figures . . . 2 2 ¹/₂

The next is the whispering gallery, where sounds are increased to an amazing degree: the shutting of the door ^{seems} is as loud as thunder at a distance, the least whisper is heard round the whole circumference; and a person speaking against the wall, appears to be present to another on the other side of the gallery though the distance between them is not less than 140 feet.

| The weight of the cross | 3360 lbs |

The extent of the ground whereon St. Pauls stands is two acres, sixteen perches, twenty three yards and one foot.

The Stone Lantern which takes its rise from the top of the brick cone or inner dome, is reputed to be of the enormous weight of seven hundred tons! from the whispering gallery, the beautiful marble flooring of the church may be seen to great advantage, consisting of many thousand pieces laid chequerwise, like a draught-board black & white squares alternately; the centre of which represents a mariner's compass, (the thirty two Cardinal Points) being laid in white & red marble. In the centre is a brass Plate beneath, which in a splendid tomb repose the remains of the immortal Nelson, the coffins of Lords Collingwood and Northesk lie on each side of him; and Lady Nelson and other members of the family, are also buried near him.

The first public monument erected in this Cathedral was to the memory of John Howard in 1796 by Bacon. The following monuments have been erected since that period: To Lord Nelson by Flaxman, & over it one to Captain Duff; to Marquis Cornwallis, by Rossi & over it one to Captain John Cooke, of the Bellerophon; to Major General Dundas by Bacon sen. & over it one to Generals Mackenzie and Langworth; to Captain Westcott by Banks, and over it one to General Crawford and Mackintosh; to Capt Burgess, by Banks and above it one to Captain Harding, by Channing; to Captain Fawcett by Rossi, and above it one to Capt Miller.

In the south transept are the monuments of Earl Howe, by Flaxman; Sir Ralph Abercrombie and Lord Collingwood, by Westmacott; Sir John Moore, and Sir Isaac Brock, by Bacon sen. Sir William Hoste, by Campbell; Major General Gillespie by Chantry; and Mr Badington, by Wheneys. In the north transept are the monuments of Captains Moss and Riou by Rossi; Lord Rodney, by the same; Major General Hay by Hopper. General Pieton, Ponsonby, and Bowers, by Chantry; Lieut Marchant by W. Smith; General Ross, and Sir W. Myers, by Hendrick; Colonel Cadogan, and General Houghby by Chantry; Samuel Johnson, by Bacon; Sir Joshua Reynolds by Flaxman; and Sir W. Jones, by Bacon.

Those last erected are to the memory of Dr. Middleton first protestant Bishop of India, by Lough and Dr. Heber, Bishop of Calcutta, by Chantry.

In the Crypt of the Cathedral are many tombs to the memory of eminent men; among them, Robert Milne, the architect of Blackfriars Bridge; John Rennie, the designer and contractor of Waterloo and Southwark Bridges, Plymouth Breakwater, and Sheerness Dock: a plain tomb shows the spot where Sir Christopher Wren is buried with only the name age and date of his death; the Cathedral being considered monument enough to hand his name down to posterity.

In a recess under the east window are the only few remains of the old church to be seen that escaped the great fire of London in which the old Cathedral was destroyed. A figure of Dr. Donne in his shroud. Sir Nicholas Wootton, and his sister Lady Jane Wootton, Lady in waiting to Queen Mary.

In the east end of the crypt lies the remains of Sir Thomas Lawrence, John Opie, James Barry, G. Dawes, Benjamin West, Sir Joshua Reynolds, Henry Fuseli, and G. Dance, Presidents, &c. of the Royal Academy.

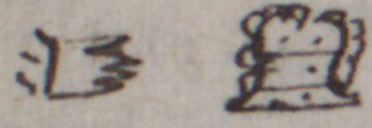

The following was upon the stone of the vault of Benjamin West

Here lies the remains of Benjamin West Esq - President of the Royal Academy of Paintings & Sculptures & Architecture He was born at Springfield, Chester County Pennsylvania North America on 10th Oct 1639 Died at London March 11th

Mr West was one of the first Artist of his day much of his painting is in the National Gallery & other parts of London.

Having given lengthy extracts concerning the Cathedral, I will proceed with an account of our travels, from the first entrance we visited the Whispering Gallery & Golden Gallery from thence to the Ball we all three sat in the Ball together 400 feet from the ground we descended, visited the Library the Bell the Clock & finally every part of the building where any visitors go & some places where visitors do not go & last of all

We visited every part of the crypt among all the
 tombs, it cost us $\frac{1}{2}$ each to visit every part of the
 cathedral. We next went on to the top of the
 London Monument we walked up & down 345
 marble steps in visiting this monument which was
 202 feet high, we then crossed London Bridge walked
 to the Southwark Bridge which is all cast-iron, forty
 five rods in length we walked under it & viewed it
 & then crossed it. We then dined together
 in the city took a cab & rode to the British Museum
 & walked through every apartment of it, which
 covered about 5 acres of ground, we then took a
 cab & returned to our room in Ironmonger Row
 very weary & spent the night. Having travelled 12
 miles, & walked up & down 1200 steps which
 made us feel somewhat sore, however we enjoy-
 ed a good nights rest. 12th

13. James I. King of England, A.D. 1605. This
 monarch who it will be remembered was also

 part with which it was customary to run at the ring.

He wears a sword by his side and has a baton in his hand and the striking contrast which his appearance affords when compared with the rest of the equestrian figures is well worthy of observation.

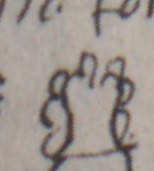

Leaving now the examination of the last mentioned effigy and turning to the right we enter a small room, in which is situated one of the outer doors of the building. On each side is a glass case containing many very curious articles and some beautiful specimens of pistols, carbine muskets, fowling pieces &c. of the respective times of Elizabeth, James II. Queen Elizabeth's Armoury

This room according to tradition was the
Prison of Sir Walter Raleigh. That it has
been used as a prison there can be no doubt
as the great strength of the walls of the White
Tower are here very conspicuous the eastern

Thus I have written a lengthy account of ten pages concerning the Tower of London as there was such a variety of things to speak about and they being so obscure in their order that I could not give a correct idea of the contents of the Tower without writing length,

Dec 13th Sunday *Dec. 13th 1840* We met with the sun
at 2 o'clock & broke bread unto them Elder
Kimball preached at 3, and I preached at
half past six we had a good time all day, there
is beginning to be more interest manifest in
London than ever before

14. I received a letter from William Pitt
I spent the day in writing & had an interesting
prayer meeting at our meeting room Mr
Albon was present & received our testimony
& spoke in favor & we walked home with
him & found his household believing

15. I wrote a letter to Elder O Pratt &
one to S. A. Smith with Elder Kimball

15. I received a letter from Br Griffiths
at Woolwich I spent the day in writing
in my Journal the history of London Tower

16. I spent the day in writing, Br William
left us in the morning for Bedford. At 7 o'clock
in the evening we repaired to a bath in The
Macle Square & we Baptized 4 persons &
we had a good time though it was cold weather
& snowed most of the day the two
first Baptized was Mr & Mrs Morgan with
whom we have made it our home since we
first came to Ironmonger Row 40 St Marks
the other two was Henry Corner Jr & Christo-
pher Smith, their Apprentice, I rejoice in
these things that the number of the Saints
increases in London, for it has been a hard
case & the work has been slow from the begin-
ning but I pray God that it may follow from
this day forward. I received an interesting
letter from Sister Eunice Woodroff Farmington
Nov 26-24 she acknowledged the reception of
my two letters one of the date of Aug 10th &
the other a long Hamouth sheet printed full of Nov
2^d which they received on the 27th making 25
days from time it was wrote, & I received theirs
in 16 days, she spoke about the health of my father
& family & other friends, It is truly cheering
to have good news from a far country & to hear
from our friends by letter

17. Doctor Copeland spent the afternoon
with us he received our testimony we had
a good time with him snow storm we preached in
the evening

Dec 14th I ~~wrote~~ ^{Dec. 18th 1840} wrote three letters to Wm Pitt. M. Medlock & Lorenzo Snow. The Latter Times informs us that the British flag is beginning to be waved for the first time in parts of the Chinese empire. Also that the Jews are restored in Jerusalem to their own rights again, having equal privileges as other nations. Also that the remains of Napolitan Bonaparte have been conveyed to Paris in the midst of great splendor & pomp.

19th I received a letter from G. D. Watt & O. Pratt & the 11th & 12th Numbers of the times & seasons which truly brought us cheering news from America.

I wrote 2 letters one to James Blackley one to John Griffiths. I dreamed of attending a great conference in London with the 12th & many saints. O. H. H. & J. E. Page was present.

20th Sunday we accompanied Mr. Albon the preacher of the Independent Church to his chapel in the morning. I had visited him several times & gave him an account of the rise & progress of the Church of Jesus Christ of Latter Day Saints. He received my testimony & offered me his chapel to preach in which will seat about 2000. We were introduced to the community of the chapel in the morning one was a preacher who had traveled much in Russia & other parts of the world. At the close of the meeting Mr. Albon gave out an appointment for us to preach in the chapel next Sabbath evening. We met with the saints in the afternoon as usual & broke bread unto them & confirmed four. We had a full house. We also preached in the evening, & good feeling prevailed. After retiring to our room Mr. Albon called me & that he gave out our appointment for (said) us to preach in his chapel, & had informed his congregation that he was a Latter Day Saint, & should be baptized & join the church & that they need not consider him any longer a member of their body unless they would.

^{Dec 21st 1848}
Join the Saints He said it made a division
among the community some were for going with
him & some opposing. I thank God that there
begins to be a little stir in this City. we have
had some good dreams of late about catch-
ing fish. & I hope we may soon realize it by
Baptizing many souls for we have labored
hard in this City for many weeks & with great
expense & baptized as yet only 19 souls but
we will not despise the way of small things but
hope for more. I also had an interview with
a gentleman that had been a member of the Tru-
inite Society but had left them he attended
our meeting. we retired to rest & I dreamed
of catching fish, fowl, geese & Turkeys, in
nets, & seeing a house on fire. Elder Kimball also
dreamed of casting a net & catching a good haul
of fish, two large ones & gathering fruit
so I think something will be done soon

21st Dec I wrote a letter to Elder Alexander
Wright, Scotland. we spent the afternoon
with Doctor Copeland, we accompanied
him in the evening to the V. & A. S.
Concerts d'Oriver, (which is a new inven-
tional performance composed of the cho-
rest band of music in the world of about 100
musicians mostly German & French conducted
by Mr. Ellason (his first appearance this season)
which is the first start of any thing of the kind
in modern days. It manifested the greatest
perfection in music of any thing known, it was
composed of almost every instrument of music
in use, by having a view of it it gave us a
knowledge of the art of man & what could
be perfected with instruments of music
Distance of the day 4 miles

22nd Dec I received a letter from George
Simpson & wrote him one in return. we
walked to Mr. Sanjivannis & He went
with us to Mr. Filippo Piscrucci
who is also an Italian at 40 Charlotte Street
Fitzroy Square London for the purpose
of getting our likeness taken he commenced
a rough draft of both. we held a private meeting
7 miles

Dec Wednesday 23^d I called upon Mr
Philippo Pistrucci 46 Charlotte Street
Fitzroy Square & I took my first
sitting of two hours & a half for him
to take my portrait. I conversed with
him upon the subject of religion, he
had formerly belonged to the Catholic
faith but seeing so much iniquity in the
priest while in Italy. He denied &
rejected the Roman religion & wrote
against all religions but is now convinced
of the reality of the gospel of Jesus Christ
& is writing a work in the Italian language
advocating the gospel of Jesus Christ
& opposing priestcraft. I gave him a
rehearsal of the doctrine we believed in & the
progress of the church he seemed much inter-
ested in it & said he believed as we did.
while in the midst of my conversation
Elder Kimball called upon me & I took
a walk with him & Doctor Copeland & his
wife over Blackfriars Bridge & on our return
home in the midst of a crowd, we lost Br
Kimball & Sister Copeland & in looking them
up I lost Doc Copeland, & Br Kimball Sister
Copeland so that there was no two of us
out of four together but after being sep-
arated awhile we all four providentially
met at the Gornant Garden & saw the
wonderful performance of Shakespeares
night dream, Madam Vestry &c & returned
home.

Distance of the Day 15 miles
I receive a letter from Elder H Glover

24th I wrote a letter to Mr. Glover &
one to G. D. Watt & O. Pratt this being
Christmas Eve Elder Kimball & myself walked
out into the streets to see for a moment
what the busy multitude were about we
passed through Motton Street as G. A. Smith
calls it, opposite Saints Lukes Church it was
a market street for every kind of flesh &
vegetable, we bought one doz. Oranges one
doz. apples, some Hazelnuts, chestnuts, & returned
to our sitting room, & in addition to some

bread & cheese & a pint of beer we made out
a supper & went to bed & I dreamed of falli
179 among thieves & robbers, who tried to rob
us under pretence that we had done something
wrong in London some years since I told them
we never had been in London until within a few
months that we were Americans & had a family
there, & we had come to preach the gospel &
we would preach to them, if they would open
their doors & after basking awhile with
them I awoke, & found it to be the first
Christmas Eve I ever spent in London

home, after sitting an hour with the family
we retired to rest. This is the first Christ-
mas I ever spent in England, where I shall
be the next Christmas & at the Lord only
knows, & what a year to come will bring forth
we cannot tell, But may the Lord preserve
my life my wife & child in peace I pray &
enable all the Saints to be established in righteo-
usness. Christmas is considered the greatest of all
days in England.

26th Saturday I wrote a letter to Br Wm Pitt
Had an interview with Doctor Copeland then
walked to Mr Sangiovanni, 23 Nassau Street
we found him quite unwell, we dined with
him & his wife the dinner was composed
of Italian Macaroni, (Lasagna) Beef Plum
Puddings, Nut Cakes, Porter, wine oranges &c
we spent quite a pleasant evening in conversing
with Mrs Susannah M Sangiovanni, concerning
the gospel & the Kingdom of God she received

our testimony + desires to be Baptized with all
her heart, she conversed much about her
fathers family + friends in America we spoke
of our wives + children which we had been
long separated from. On our return home
we called upon Mr. Corner who we found
unwell with a bad cold, we also saw a female
who had just been run over by an omnibus
who was badly wounded. A notice of the facts
we read in the London Times an interesting
account from the German Jews a verbal
call for them to return to Jerusalem
4 m

27th Sunday we met with the saints + com-
muned with them + had a good time, + in the
evening we met at An Independent Chapel
or Ebenezer Chapel Commercial Road, there
was the largest congregation that we have
ever preached to in London consisting of many
Denominations of Priest + people, I preached
about one hour, A Wesleyan Preacher arose
+ opposed me, which had a good effect for
the people seeing the spirit he was opposed
against him + the community refused his
speaking there any more, I did not have the
spirit of preaching much in consequence of
the power of opposition, still the conduct of
the opposing Party gave us friends but I
never saw a harder place than London to
build up a church in but I trust the word in
the name of Jesus Christ that our labours may
not be in vain in this city. We dined to-
day with Doctor Copeland 4 s 10 m

28th I received 2 letters from James
Blakesley + John Griffitts I wrote a letter
to G. A. Smith, I attended a Tea Total
Temperance meeting held in a Theater in
Milton Street, which was considered the grandest
temperance meeting held in London I was accom-
panied by Elder Kimball + Doctor Copeland +
two other saints, The chair was taken at an
early hour by one of the most celebrated +
noted men of the last days viz James Silk-
Beckingham, Esq, Denominated in his writings

+ Publications D. S. Buckingham, I know of
no man that has traveled more extensively, am-
ong all nations in the nineteenth century than
Mr. Buckingham his travels in Asia, & especially
in India have been Published through the United States
& been read with much interest, & Mr. Buckingham
had just returned to London from a tour through the
United States where he had spent two years,
in visiting nearly every City & town from Bangor
to New Orleans, & New York to St. Lewis, therefore
it felt the more interested in hearing an address
from him, the house was filled, we obtained
a comfortable seat in front of him, & in conse-
quence of our making some speeches in London
is some of the Temperance meetings in advocating
that cause, some of the Committee informed
Mr. Buckingham that we were American Citizens
& friends to the cause, which caused him to notice
us very particular while in his address & giving notice
of his late travels through the United States, he
spoke of his standing at New York & holding tempe-
rance meetings in that City & in Philadelphia &
Boston, Portland, Bangor & through the Southern
States Augusta, New Orleans, Charleston, went up
the Mississippi River, held a Camp Meeting at Lexington
called at St. Louis, crossed the country through
Illinois & Iowa extolled the country, spoke of the
beauty of the prairies, called at Chicago went
through the whole length of the Lakes, through
Upper & lower Canada, held a temperance
meeting in the Parliamentary house, as he also
did in the house of Congress, & then returned
to England, & will publish in book form his travels
in his speech he gave much preference to
America as being ahead of any other nation
in Temperance & Education & perseverance
& other things that he spoke of he done justice to
the beauty of the country, fertility of the soil
equality of the people &c. Mr. Buckingham is
an aged man, but possesses great intelligence,
intellectual powers, knowledge of human nature
the most profound reasoner, & humble in
his appearance. After Mr. Buckingham closed
his speech, several speeches were delivered
by others, & the intervals occupied by a band
of music, after which the room was

was darkened by removing the lights + a
show was presented in the form of a
Magic lantern presented a man in every stage
of drunkenness, + a score of other things
rivers ships cities, Lions Leopards, Bonaparte
Victoria, + many other things, + we retired
quite satisfied with our evening's entertainment

29th Elder Kimball went to take a sitting
for his portrait I staid at home + wrote
I saw G. A. Smith a letter a paper called
The Penni Satirist containing a long account
about the Latter Day Saints taken from
the Mill Star we attended meeting at the
Academy called & spent a short time with Mr.
Albion, + returned home. I dreamed of
being in the midst of serpents, + a Tiger came
+ guarded me in the midst of my Enemies
I next went through Samuel Demings's
Barrens to find Brother Azmon Woodruff
I thought I saw him there. I dreamed of seeing
Brother Azmon & Thompson much of late I
think I shall soon hear from them

30th We received 5 letters 2 to me from
G. A. Smith + Wm Pitt He Kimball 3 from
O. Pratt Br Harris, + Wm May Hereford
Elder Kimball walked out with Mr Albion
Albion into another part of the City + had a
good time. I also walked out + visited Mr
Hender, No 4 Garden Court, Bull Street, +
had a good time he + his wife received, interest
ment + think they will soon be Baptized,
I again dreamed of being among serpents one
bit me. We are beginning to stir the Devil up
some in London we shall soon find enemies
+ opposition + may the Lord hasten it for
it will bring us friends

3rd This is the Last day of 1840,
I received a letter from Wm Pitt I preached
in the evening took supper with Doctor
Copeland

CLOSE OF THE YEAR

The first day of 1740 found me in company with Elders J. Taylor + T. Threllet on board of the Packet ship Oxford on the Atlantic in Long 72, 40 And the last day in company with Elder Kimball in No 40 Ironmenger Row Saint Lukes London, the great Metropolis of Britain + the world. This has been an important year to myself, to all the Saints + to the world at large in many respects. Never have I spent a year with more interest than 1740 never have I been called to make greater Blessings sacrifices or enjoyed greater Blessings. I have been called to make a sacrifice of the Society of my wife + children not once beholding their faces, one of which is taken from time (Sarah Minna is gone to be seen no more in this life) The whole year has been spent in a foreign nation combating error with everlasting truth meeting with many contradictions of Sinners who oppose themselves against the ~~the~~ Truth, Being stoned mobbed + opposed, Yet the Lord hath blessed me with a great harvest of souls as seals of my ministry many hundreds have received the word with joy + gladness + are now rejoicing in the new + everlasting Covenant which Saints I live in a lively hope of meeting in the Celestial glory of our God. I feel very thankful to my heavenly father for his great goodness + loving kindness towards me + my Brethren during the past year + may the Lord still be with us + during the following year in fine every year will be more + more interesting from this time forth on till the winding up scene + the coming of the Messiah. What 1741 will bring to pass the Lord knoweth + time will determine. But may the Lord enable me with all the Twelve to return safe to our own native country + to the bosom of our wives + children, which may God grant for Christ's sake I pray. In looking over my Journal I find the following is the fruits of my labours during my Travels in England + Wales in A.D. 1740 which will be found on the following pages

Jan. 1st 1841
LONDON JAN^E IIIrd 1841

THE YEAR 1840.

It has gone, taken its departure to return no more forever; it has borne its report to heaven, whether it be good or bad, its scenes will not again recur upon the stage of action to be presented to the eye of man. To the reflecting mind it is evident, that no period of the nineteenth Century hath presented greater & more important events to the world, & laid a foundation for still greater things to follow in quick succession than 1840. It is also equally true in various ages of the world that those subjects & things which have been in reality of the greatest importance to the whole world even subjects upon which the very temporal existence & prosperity of the Nations of the Earth hung, have been the most out of sight, the last to attract the public mind, & when discovered considered of the least consequence, scorned & ridiculed to the last by a thoughtless multitude who like the ox going to the slaughter know not

the day of their visitation, This was evidently the case in the days of Noah, of Lot, of the days of Jesus Christ before the Cyrus overthrow of Jerusalem & the dispersion of the Jews, among all the gentile nations where they have remained Deprived of the privileges of the land of their fathers until the present day, We are informed it will be in like manner at the coming of the Son of Man. What are the signs of the times in this present generation even in 1840, As it was in the days of Lot & Noah

So it may be now, then the majority of the world, did not discern those things that were of the most interest, but they felt the most interested in those things that soonest perished, In like manner the present generation as a mass among all the gentile Nations do not seem to discern or take any interest in any of the signs of the times of 1840 except those leading direct, to the Money & Stock Exchanges here the real struggle & interest of the world seems to centre to devise

some means whereby they can ~~secure~~ some
means secure unto themselves, dollars & -
cents, Pounds shillings & pence, & earthly
dominion & power; but in the midst of this
mighty struggle, there is a small portion of
the community among the nations of the
earth, who are looking upon other signs of
this present generation as indicating a day
big with events, even the restoration of pri-
mitive Christianity, the proclamation of the ful-
ness of the Everlasting Gospel among all natio-
ns both Gentile & Jew, the restoration of the
Jews to their own land, the rebuilding of
Jerusalem, great changes, Judgments, wars
& revolutions of the Gentile nations, the
Second Advent of the Messiah in the clouds
of heaven, & the great Millennium or reign
of the Saints of one thousand years all
of which events have been predicted by
the Holy Prophets who have spoken since
the world began. None feel more interested
in the signs of the Heaven & the earth which
clearly indicate these great & important

events than the Latter Day Saints,
Let us for a moment take a survey of 1840
which has been a year of interest among all
Nations, This is the tenth year of the church
of Jesus Christ of Latter Day Saints, the church
has never been as prosperous as through 1840
though she has just passed through a season
of unparalleled persecution by the whole
State of Missouri, who has driven, robbed
& murdered many other saints, & entirely
expelled from the state about 12000 of
the church, but as the persecution at Antioch
proved to spread the work abroad everywhere
so it has been in this case, it has spread as
it were with tenfold rapidity not only
throughout America, but in England Scotland
Wales, & Ireland, Some of the Lamanite or
American Indians have begun to embrace the
fulness of the gospel which is an important
event in the history of the rise & progress
of the church. While many of the Elders
have been lifting up their voices in the
most noted villages & cities of America
The Twelve have been planting the work &

establishing Churches in some of the more
Notable Cities of Europe, during the year
1740 churches have been established in -
Liverpool, Manchester, Birmingham, Worcester
Hereford, London, Glasgow, Paisley Edinburgh
& many other parts of England Scotland Wales &
Ireland, Elders have also gone to South
Australia, the East Indies, & Germany more
than 4000 has been added to the Church by
Baptism in Europe in 1740, & two of the
Twelve have started on a mission from -
Nauvoo to visit the Jews in the Holy Land
of Jerusalem, This indicates at least that
the Lord has set his hand to prune his vineyard
one more for the last time to prepare the
way for his Second Advent, & that he will
make a short work in the Earth, & cause
light & truth to prevail, In the midst of this
scenery, the hand of God is evidently begun to
be laid in a degree upon the nations in Judaea
In the United States many have suffered
The City of Watchet was instantly destroyed
by a whirlwind, Nearly the whole country
from the mouth of the Ohio to New Orleans

for more than 1000 miles was inundated
by water which has proved very destruc-
tive to all that country, & many parts that the
water could not reach insects have helped destroy
there has also been great losses sustained in other
parts of that land by storm, hail & fire, & in
additions to many other events in America
1840 has brought a change of politics through-
out that Nation which will of course make a
revolution in Government Affairs in many respects
Wars & rumours of wars are among the signs
of Europe, Though England feels at the present
time as though she was waving the sceptre over
nearly all the earth, even for the first time
waving the British flag in China, still she
is not without her troubles, she is beginning
to share in that distress of nations & which per-
plexity, which will be prominent among the signs
of the last days, great poverty prevails among
the working class in England & more especially
in Ireland, much crying for bread is heard in
the streets, France has had great troubles from
sources she least expected, for while she had

been to great expens in fitting out an army of
500,000 men to assist Mehemet Ali & for other
purposes, Endeavouring at the same time to fortify
Paris by surrounding it with a strong
wall, but in the midst of this scenery that has
been suffering under one constant torrent
of Judgment, the sea has hove itself beyond
its bounds the rivers Seine, Saone & Rhone
overflowed their banks turned out of their course
& these created a flood unappellable in that land
which washed away both corn & wine into the
French Lake, cities inundated, villages despoiled
-cattle drowned towns burnt farmers ruined
which created great trouble at home without
war The French Chambers appropriated 5000000
of Frances to relieve the present wants of the sufferers
of those inundations, But among the signs
of 1740, none are more prominent than those
of the eastern world, even in the Holy Land
Mehemet Ali, had made much noise in the world
by invading Syria & trying to take power
unto himself, & as the Turkish power was
not sufficient to check him in his progress
England with other European Powers have

interfered, & caused Mohamet Ali to lie passing
at their feet, but the effect of all these
movements have been to prepare the way for
the return of the Jews to the land of their
Fathers, & while the Word is begining to give
the Jews favor in the eyes of Kings that they
may become their nursing fathers & Queens their
nursing mothers, they begin to see it time for
them to make a right use of so favorable an
opportunity & immediately return & rebuild
Jerusalem, & the call is now is ~~now~~ going
forth among the Jews in all nations to re-
turn & especially among the German continen-
tal Jews, A call of this kind is published in
the (Der Orient) a German Newspaper & among
many other things says "In no country of
the earth are our Brethren so numerous as in
Syria, in none do they live in as dense masses
so independent of the surrounding inhabitants
in none do they persevere so steadfastly in their
faith in the promise of the Father as on the bea-
utiful shores of the Orontes, In Damascus
alone live near 60,000, & The power of
our enemies is gone, the angel of discord has

long since hewn down their mighty hosts, & yet
ye do not bestir yourselves people of Jehovah
what hinders, nothing but your own supineness.

"People of Jehovah raise yourselves from
your thousand years slumber! Rally round
leaders; have really the will, a Moses will not be
wanting. The rights of nations will never grow
old, take possession of the land of your fathers,
build a third time the Temple on Zion -
greater & more magnificent than ever. Trust
in the Lord who has led you safely through
the vale of misery thousands of years. He
also will not forsake you in your last con-
flict."

These things are clearly in
fulfillment of the predictions of the prophets
from Moses to Christ, & clearly shows the
present day is big with events, Jews &
Christians have now an equal privilege in
Jerusalem & among other privileges are
permitted to gather their own taxes which
has not before been allowed them, The
eastern world has also suffered by Earth
quake & Storm, several late Earthquakes
in the Ionian Islands many lives have perished

On the 1st of Dec a dreadful storm raged on
the Black Sea which caused great destruction
of shipping & life, 1st Greek vessels & English
& a much greater number of Austrian
Sardinians, & Neapolitans, were utterly lost
even in the Channel were cast away.
Thus the Lord is beginning to vex all nations
with whirlwind, flood, war Earth quakes,
Fire & many judgments, as well as signs
in the Heavens & Earth of the coming of
the Son of Man still the Nations will not
learn wisdom neither practice righteousness
by the things which they suffer neither
do they discern the signs of the times even
of 1840, What 1841 will bring to pass
time most-determining. There will be an
increase of signs in the Heavens & Earth &
still greater losses by storm tempest &
Earthquakes, on the land & sea & by fire.
Trouble will be seen in the United States Gover-
nment wars & rumours of wars will increase
among all nations, the return of the Jews
will be hastened the distress of nations with
perplexity will be felt more than ever thro' ¹⁸⁴¹

the earth In fine every year from this day
henceforth will be attended with an increase
of strange things sights signs, & wonders
perplexities, tribulations, judgments wars
& rumours of wars, Revolutions & changes
overturns & destructions, attended with
blood, fire & smoke the Sun turning to dar-
kness the Moon into Blood & the stars fall-
ing from heaven, untill Babylon the great
comes in remembrance since before God, & is
cast down to rise no more, & the son of
Man descends in the clouds of Heaven to
deliver Israel & reign with his SAINTS

An account of A dream of the late
Dr. Phillip Doddridge

After some conversation with Dr. Clark, of
St Alb's who had been conversing in the
evening upon the nature of the separation
state & the probability that the scenes on which
the soul would enter on its first leaving the body
would have some resemblance to those with which
it had been conversant while on earth that it might
by degrees be prepared for the more sublime happiness
of the Heavenly Kingdom, this & other conversation
of the same kind probably occasioned the following
Dream

The Doctor imagined
himself dangerously ill at a friend's House in London
& after lying in this state some hours he thought
his soul left the body & took its flight in some
kind of live Vehicle which though very different
from the gross body it had just left was still
ordered to pursue his course through the air -
expecting some celestial Messenger to direct him
till he was at some distance from the City when
turning back & viewing the town could not
forbear saying to himself how vain & trifling
are those affairs in which the inhabitants of those
places are so eagerly employed appeared to me a
separate spirit - at length as he was still continuing
his progress & tho without any certain
directions yet easy & happy in his thoughts of
the universal providence & government of God
which extends alike to all Worlds he
was met by one who told him he was sent to con-
duct him to the place appointed for his abode from
whom he considered could be no other than an angel
but as I remember he appeared in the form of an
Man they went on conversing together till they
came within sight of a large & spacious building
which had the air of a palace upon his inquiring
what it was his guide told him it was the place
assigned for his residence at present upon
which the Dr. That he remembered he read
while on Earth that the eye had not seen nor the
ear heard nor the heart conceived what God had laid
up for his servants whereas he could easily have
formed an idea of such a building from others he
had seen though he acknowledged they were

greatly inferior to this in Elegance the reason
the guide gave him was plainly suggested by the
conversation of the Contrasts that these scenes
first presented to him were contrived on purpose
to bear an exact resemblance to those he had been
accustomed to on earth that he might be more
easily & gradually prepared for the glories which
would open upon him hereafter and which would
at first view quite dazzle & overpower him
by this time that were come up to the palace &
the guide ~~led him~~ led him through a kind of
saloon into an inner parlour where was a cup
on which was impressed the figures of a vine
& cluster of grapes, he asked the guide the
meaning of it. He told him it was the cup in
which ~~his~~ Saviour drank new wine in his kingdom
with his disciples & that the figures carved upon
it was intended to signify the union between Christ
& his people implying that the grapes derived
all their beauty & flavour from the vine so
the Saints even in a state of glory were
indebted for their establishment in Holiness &
Happyness to the union with their head in
whom they are all complete. While they
were thus conversing he heard a tap at the
door & was informed by the Angel that it was
the signal of the Lords Approach & was intend-
ed to prepare him for the interview according
in a very short time he thought our Saviour
entered the room & upon his casting himself
at his feet he graciously raised him up and with
a smile of inexpressible Complacency assured
him of his faithful services finding acceptance
and as a token of his peculiar regard & the
intimate friendships with which he intended to
honour him, he took the cup & after drinking
of it himself gave it into his hands, the Lord
would have declined at first as two great a
favor but our Lord, ^{replied} as he did to Peter when he
refused to let him wash his feet If you drink
with me you have no part with me, this saying
he observed filled him with such transport of
gratitude love and admiration that he was about
to sink under it, his Master seemed sensible
of it & told him that he must leave him for
the present but it would not be long before

he would repeat his visit + that in the mean
time he would find enough to employ his thoughts
in reflecting on what had passed and contem-
plating the objects around him as soon as our
Lord withdrew + his mind was more composed
he observed the room was hung around with
pictures + examining more attentively he
discovered to his great surprise that that contained
the history of his own life the most remarkable
scenes he had passed through these represented in
almost lively manner it may easily be imagined
how much this would effect his mind the
many temptations + trials he had been exposed
to + the signal instances of the divine goodness
to him in different parts of his life which were
by this means all represented at once to his view
excited the strongest emotions of gratitude
especially when he reflected that he was
out of the reach of any further danger + that
the purposes of divine love + mercy towards him
were at length so happily accomplished, the
ecstasy of joy and thankfulness into which these
reflections threw him were so great that he
awoke but for some considerable time, after
he arose the impression continued so lively
that tears of joy flowed down his cheeks and
he said he never on any occasion remembered
to have felt sentiments of Divine love and
gratitude equally STRIKING

I copied the above from a written Paragraph in
LONDON Feb 1st 1741

Signs

In the fall of 1746 in the City of Cincinnati, Ohio there appeared a large Ball of fire over the city about the size of the moon apparently, at about 2 o'clock in the morning, & this ball of fire burst suddenly causing a very loud report, and the broken pieces flew in all directions like blazing meteors. The earth shook like an aspen & the moon turned as black as ink.

"Again soon after the representatives of our nation had assembled in Congress Hall at Washington in the fall of (1746) the great chandelier in the Representatives Hall weighing about six thousand pounds fell with a tremendous crash & broke into a thousand atoms. At about the same time the female figure representing the goddess of liberty on the east side of the Capitol holding the balances in one hand & the copy of liberty in the other, lost her hand which held the balances; it broke off itself just below the elbow & the balances fell. If these things had been seen by the Ancient Romans they would have considered them ominous of their national light going out and justice falling to the earth,

After General Harrison was elected President of the United States a body of citizens ~~at the~~ suspended a line across the road in which the President was to walk this line contained or supported 27 flags one for each of the states; as General Harrison was passing under these colors the line parted in the center one half fell into the street towards the north & the other half towards the south as much as to say the states would be divided

President Harrison died on the 4th April 1741 just one month after he took the chair. He is the first President that has died in the United States while filling the Presidential office. *

The New Haven Palladium says A trumpet was blown in that City in Jan 1741 twice in 24 hours for many days which caused much alarm

* A large Bell at Washington which had been used many years, broke while tolling for President Harrison's death in a moderate manner.

While General Harrison was on his way to Washington to take his seat after his Election He passed through a town where there was a child named after him who died at the same time the General was passing by.

A. Splended ball was appointed in Portland Maine in honour to President Harrison. The man who was appointed to lead the first dance took his daughter by the hand, & the first step he took trod upon the floor.

While President Harrison while lying upon his death bed had the 21st ch of Isaiah deeply impressed upon his mind especially the 11th vers & probably the 16th vers is the fulfillment of what was on his mind.

Does it not mean that wars trouble & ~~wars~~ & disasters await the nation & that Congress will be broken up dispersed & destroyed & the glory thereof pass away within a year time will determine the President was much troubled because none was found to interpret the chapter unto

The following letter we copy from the exchange papers which places in a ^{this tremendous} point of light the tendency of this ^{evil} it is
it has something more than the bold, strong
and eloquent style which we admire, to re-
commend it to the saints, viz truth which all
though this generation may be unwilling to
admit, will by & by break upon them with
tenfold violence and carry away their refuge
of lies

INCREASE OF CRIME

Mr Editor: I am horror stricken with
dreadful facts of almost daily occurrence
scarcely a news paper which is not surcharg-
ed with terrible accounts of murder, theft,
robberies, houseburning or the like. Moral
restraints no longer hold men in check.

The ligaments of law are but feeble barriers
to licentious man. Ambition, rage, revenge, or
lust are the laws by which he is governed.

The most slight insult is a pretext for
shedding a fellow creature's blood, as if the
blood of a murdered man had no voice
before the throne of the Lord God of heav-
en & earth. Dirks, Pistols, Bowie-knives,
&c are daily worn by thousands—worn even
at the plough. I tremble for the fate

of my Country—for the fate of the human
family! where will these things end? what a
horrid state of things at this time compared
with the moral situation of the world thirty
years ago! what a recklessness of life! How
impotent are the laws of God and man in check-
ing the mighty tide of Crime!—What is
to be the state of society thirty years

* A large Vice should go unchecked at a
used with the last ten years?— O, heaven! my
Harrison sickens! No human being on the earth will
wile the fact tested. Long before thirty years
the world will be smitten by the strong arm
of Omnipotence! The most imposing events
are hanging over the world— at the very doors
— events which will put all past events in the
shade— obliterating all the epochs of the
human family— stamping a new era on the
annals of time! These things are true, and
~~are come on the world~~ the pulpit is crying
out peace & safety! these things are true
and are come on the world as a snare!
as a snare or the scriptures are not true.
Why as a snare? because the pulpit is crying
“peace & safety!” O what a crash of governing
thrones & empires is awaiting the world, and the
pulpit is chaunting lullabies to its slumbering
dare! War, pestilence and fire, standing in
dread array against the human family, and
the conservators of its moral weal, hailing
the dawn of universal peace— hailing the
a millennial dawn, when the harbengers of
war and carnage are standing in bold relief
over a guilty world.

They are dreaming at our times of refreshing
from the presence of the Lord; when we
are to have the vials of his wrath! They are
clothing in brilliant drapery, the future triumphs
of the gospel when the drama is about to
close and present a theatre of blood. They
are in imagination, smoothly gliding by the
gradual flow of time into a heaven of repose
without once turning an eye to an intervening
vortex, which is to engulf, perhaps, more
than half the human family! They are
spreading a banquet of peace and proclaiming

the acceptable year of the Lord, when he is about to deluge the world in fire! This tremendous event is passed over by the pulpit as a doomsday work of Almighty God, when it is to be pre millennial and probably consummated on the present generation.

A deluge of water once depopulated the world for crime; a similar scourge, by a different element, has a similar mission to perform & for a like cause. The measure of human crime is coming to the full, and the arm of Omnipotence lifted to "Shake terribly the earth" and the watch quarrelling about creeds, territory or gold. The present Christian dispensation is about to close like the Jewish - the heavens about to rolled together like a scroll; the star in that heaven about to be thrown from their orbits, in wild consternation, and the indications overlooked; prophetic allusions to the terrible wreck, mistaken, misapplied or applied to the wreck of Nature; an event without foundation in holy writ. These things are true. - They are not the freaks of a heated imagination; but predicated upon a long candid, cool, unbiassed investigation of the living oracles; and on the premises we throw the guntlet to all the clergy, learned or unlearned on earth!
